| 33,000 feet 2x4 6-ft. No.1 com rough at \$12.00 M | 20,000 feet 2x6 8-ft. No. 2 com. Ro. \$10.00 M |

In order to appreciate the great bargains we are offering call at our Springfield mill and inspect the lumber in the piles. This list is far from being complete, but is intended to give you an idea of what you can buy for very little money if you act quickly.

These Prices Are f. o. b. Mill and Effective Until Nov. 1st. CASH ONLY

In addition to this special list of lumber we have a good stock of our regular grades, including Flooring, Rustic, Ceiling and Dimension in all sizes and lengths at correspondingly low prices. Save money on your lumber needs during this big sale.

THE BOOTH-KELLY LUMBER CO.

Edited by the Pupils of Springfield High School

A sophomore class meeting was held Tuesday afternoon, October 18, at 3:15 for the purpose of selecting class colors and motto. It was decided that the class colors would be "Old Rose and Silver" and the motto "Safe on Second; Lets Score". Part of the class dues will be taken to buy badges for the class.

In Physiology:

Mr. Morgan brought a microscope to school, and the class looked at the corpuscles in the blood, then at a fly's leg. Ellice Kileen asked why she couldn't look at Charley Davis' brain and Mr. Morgan said he was afraid there wasn't any to look at.

"Why don't more boys come out to practice foot ball?"

Mr. M. Padden says there are too many pretty girls in our school. We wonder who will argue with him?

The Eugene high football team surprised some of our boys rough. For instance, Elmer Sankey got a bone cracked in his left arm and Ivan Cowart received a severe cut on his lower lip. Asheal Fish also got knocked out.

Miss Carribell Matthews was standing on the corner of Mill and E streets hoping to see Tom Brattain but Mr. Cowart came along and saw her safely home.

So far the town has enthusiastically supported the school. If they will continue to do so, Springfield will certainly be proud of her high school.

The teacher's training classes have not begun their practice work at the Lincoln school, as the regular teachers have not had time to get the classes arranged so that the practice teachers can handle the work. They are in hopes that the work may be started next week.

All boys who possibly can should come out and practice football. If you can't come, why come anyway.

We've got a game coming with Junction City and we've got to bet 'em. Come on out and see how rough you can treat the first team.

The freshman class held their first

class meeting for the purpose of electing their class officers. The following were elected: Herbert Taylor, president; Audrey McPherson, vice-president; Frank Renne, secretary and treasurer; Charline Lambert, social promoter; Ralph Cline, Sergeant at arms; Charlotte Stewart, class reporter and Mrs. Myers, class advisor.

Yes the jewelry stores in Eugene are having auction sales on jewelry, but we didn't know that Woolworths were having one too. This morning Winifred Harpole walked in with a big ruby ring on her engagement finger. In answer to the inquiry made she only answered, "Lee got it for me at Woolworths."

Mrs. Myers is getting very considerable of Loren Edmiston's welfare. The other day in English class she told him to move away from Harold McPherson and Gerald Endicott for fear they might poke him with their pencils.

Relationship is bound to spring up everywhere. Just listen in roll room some day and you will hear Charley Davis whisper to Aline Larimer, "Oh little cousin".

The Lincoln school reached an enrollment of 400 last Monday. This with 134 in the high school, makes a total enrollment of 534. The first grade, with 65 and about 10 more expected next week has become so overcrowded that the board has employed Mrs. C. E. Lambert, wife of the principal, to assist Mrs. Page.

To Gain a Good Reputation.

The way to gain a good reputation is to endeavor to be what you appear. That is precisely the manner in which Chamberlain's Cough Remedy has gained its reputation as a cure for coughs, colds, croup and whooping cough. Every bottle that has ever been put out by the manufacturers has been fully up to the high standard of excellence claimed for it. People have found that it can be depended upon for the relief and cure of these ailments and that it is pleasant and safe to take.

FALL IS TRAINING TIME FOR LOGANBERRIES

During the last season a great deal of die-back was in evidence in many loganberry yards throughout the Willamette valley. So many appeals were sent to the Oregon Agricultural college concerning the trouble that special work on the problems was taken up by Dr. S. M. Zeller of the experiment stations.

It was first thought that the die-back was caused by the action of fungous disease. In making a thorough study of the situation Dr. Zeller has learned that die-back was prevalent

A Good Physic

When you want a physic that is mild and gentle in effect, easy to take and certain to act, take Chamberlain's Tablets. They are excellent.

only in those yards where the vines had been allowed to remain on the ground throughout the winter. Where the canes had been trained up in the fall the vines were in a very healthy condition and die-back was almost entirely absent.

The contrast was very apparent in adjoining portions of the same yard where a part of the canes had been trained in the fall and the rest allowed to remain on the ground till spring. Other cans was the same.

Berry growers who have been troubled with die-back on their vines will do well to train their logans in the fall. There is some danger of losing a crop during an especially-severe winter like the one of 1919, but one grower has stated that he could lose every fifth crop, entirely and still make money by training his vines in the fall.
