The school population of the Glenwood district, which was formerly attached to the Springfield district is 159, about twice what it was a year ago. There was a time, a little farther back than that, when it looked as though the district would not be able to maintain a respectable and efficient school.

There is a certain fascination about life in the raw which appeals to every man and woman, but when such a story is photographed amid awe inspiring scenery the result is a picture of tremendous appeal. See "Wolves of the North," and you will see the "wolf in every man." Wednesday, Nov. 16th at Bell.

Now the newspapers are scaring us

with the report that the crop of Thanksgiving turkeys is only about 67 percent of the normal. Never mind. A good, big fat young rooster, with four legs, four wings, two breasts and two livers and no neck at all, is a mighty good substitute, and will make about as good an excuse for ringing in a plate of cranberry sauce and dressing.

The contractors have announced that the section of pavement between Goshen and Creswell, on the Pacific highway, will be opened to travel on the 16th. A Timely Suggestion

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is almost certain to be needed before the winter is over and results are much more prompt and satisfactory when it is kept at hand and gives as soon as the first indication of a cold appears and before it has become settled in the system. There is no danger in giving it to children as it contains no opium or other harmful drug.
