

TRADE AT HOME

Friday and Saturday Bargain Inducements

FOR BUYERS

We are offering the best that any bank can give and cordially invite your account.

Commercial State Bank

We are presenting to our readers for the next few weeks a series of special "Trade at Home" issues. We are grouping together on this page, in as attractive a form as we can, this special exhibit of the business of as many of our advertisers as desired a place in it. We believe the exhibit they will be prepared to make of the wares they are here

setting forth will be attractive enough to convince all comers that they can do as well to deal with these people as they can do anywhere. We can build up ourselves by building up each other. We can build up our town by building up those who are doing business in the town. Let us get together.

HAVE YOU A BANK ACCOUNT?

There is nothing more convenient than a Bank account. Open one with this Bank and see for yourself just how convenient it is. There is no better way of doing business than through a bank. Open an account and use it for the purpose of paying your household bills. Draw checks against it and you will have receipts for whatever you pay and you will avoid accumulating needless bills and papers. We will be glad to help you make the experiment and feel sure that you will be satisfied with it after a fair trial.
