Commercial State Bank

We are presenting to our readers for the next few weeks a series of special "Trade at Home" issues. We are grouping together on this page, in as attractive a form as we can, this special exhibit of the business of as many of our advertisers as desired a place in it. We believe the exhibit they will be prepared to make of the wares they are here

setting forth will be attractive enough to convince all comers that they can do as well to deal with these people as they can do anywhere. We can build up ourselves by building up each other. We can build up our town by building up those who are doing business in the town. Let us get together.

It is dangerous to carry money on your person. Deposit it with us and carry a check book. We pay interest on Time and Saving Deposits
