

TOWN AND VICINITY

George Krents returned, Monday, from La Grande, where he has been for the past two years or so.

"The Sagebrush" is a picture that will rival any Zane Grey picture. The picture was produced by the same producer of Zane Grey's, and has practically the same cast. Don't fail to see a real picture. "The Sagebrush" at the Bell theatre next Saturday.

As the smoke of the primary battle clears away, and the dead, wounded and survivors can be counted and listed, the name of D. S. Beals stands out as a Republican nominee for representative from Douglas county. Mr. Beals held a position at the cashier's window in the First National bank here for several years, and left it to take charge of a bank at Riddle.

FOR SALE—One Maytag gasotone washer, A-1 condition, good as new. Just what you want for the country. Half price and terms to right parties. Call at News office.

The volunteer inspectors on the job of connecting up the street car line at times outnumbered the force of paid workmen. If a man has not a job that he can work at himself, the next best thing is to look on while some other man is working at his. Indeed, with some men in Springfield, as well as other places, that seems to be first best.

O. C. Thurman, the proprietor of the stable at the foot of Main street, is working on the highway in the

neighborhood of Belknap Springs. Thomas Humphrey has charge of the stable and garage during his absence.

Do you know that the Ray battery is the only battery with an unconditional guarantee? Taylor & Ditto, 2nd & Main.

Dr. S. Ralph Dipple, dentist, Springfield, Oregon.

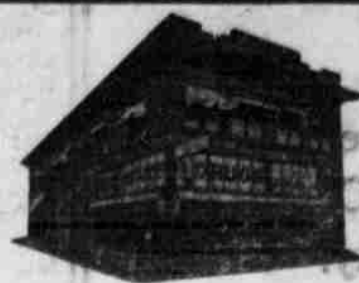

W. O. W. meets every Tuesday evening at W. O. W. hall.

LOST—April 8, near street car station, pair Cutter Cruiser shoes, 8 in. top, size 9, horseshoe heel plates. Phone Macduff 1441-R or 878 Eugene for reward. 3tc

The annual session of the Southern Oregon conference of the Free Methodist church opened at Cottage Grove yesterday, and will continue over Sunday. Bishop W. H. Clark, of New York, presides. The sessions are held in the M. E. church. Rev. F. L. Baker, field secretary of the women's Foreign Missionary society, will preach the missionary sermon at 3 p. m. Sunday.

"The Man With Two Mothers." There were three women in his life—his mother, his sweetheart, his aunt—they proved too many for this Irish boy and all wanted him at once—Mary Alden the mother of "The Old Nest" plays the appealing mother's role. At the Bell theatre next Sunday.

A light store building is being put up south of the main entrance to the Hansen's auto camp across the river.

To save a shift on hills

Many an automobile fails to deliver the power and speed of which it is capable, fails in acceleration and on the hills, because of poor lubrication.

The purpose of lubrication is to reduce friction. In this connection it must be remembered that oils have internal or molecular friction. The heavier the oil the more this internal friction, which has to be overcome by and uses up power.

The ideal oil for the automobile is the thinnest oil which will keep the bearing surfaces separated, and at the same time offer in itself the least frictional resistance to the engine power going to the rear or driving wheels.

Such an oil—if it has "oiliness," stability and purity,—will give perfect lubrication, and permit the development of the maximum power, speed and gasoline mileage of the car.

Zerolene meets these conditions perfectly.

Oiliness—Stability—Purity

Zerolene has great "oiliness," which causes it to cling to bearing surfaces while offering in itself a minimum of frictional resistance to the engine power.

It has great stability, which causes it to resist engine heat and to form a minimum of carbon of a soft, flaky nature which goes out with the exhaust.

And it is pure.

If you follow the Zerolene chart of Correct Lubrication, you will develop the maximum power, speed and gasoline mileage of your car.
