The Cottage Grove Sentinel speaks of E. J. Adams, Senator Stanfield's private secretary as "Oregon's third senator."

The state supreme court, on Tuesday, upheld the action of the Douglas county court in the trial and conviction of Dr. Brumfield. There is still a tedious course of procedure to be gone through before the sentence can be carried out.

Marshfield and North Bend are just now contending over a 'get-together' proposition. The question at issue just now seems to be whether the present part of the dock situated between the two towns shall be enlarged and improved or a new dock for North Bend shall be built.

We see many signs of returning prosperity, and we read many more, which somebody sees somewhere else; but one evidence of the relief of the unemployment distress we have been looking for eagerly, but thus far in vain. That is the

slackening of the daily bombardment from persons selling this, demonstrating that and advertising the other thing, generally things you could buy on better terms from some dealer within a block or two.

Chief Justice Taft, on his recent visit abroad, during 20 days in London, was the honor guest at 19 dinners, 17 luncheons and 21 receptions. Judge Taft is still a man of powerful physique. It is to be presumed that his stomach is in as good working order as any part of his system, unless it is his head. If it were not so, he could not have stood up to such a round as this, and still have been fit for his duties. We presume he went there in the line of duty. He surely did not go for recreation.

HORSESHOE PITCHING

There has been a great revival of the game of horseshoe pitching in most parts of the United States in very recent years. Local contests, espec-

THEY WENT FISHING

Two men took a trip into the woods to hunt and fish. During the trip one of them had the misfortune to lose his pocket book and the other one lost his check book.

When they discovered their loss one of them laughed for he knew he could easily get another check book. But the other man did not laugh. He hurried back to the woods and spent many hours looking for his money.

If the checking system had no other value it would be well worth while from the standpoint of safety alone—but there are many other advantages, too. Nine times as much business is done each day with checks as is done with cash.

You will enjoy the prompt and careful service we give to all who favor us with their patronage.

Think it over.

Bread-Making is an Accomplishment

Herein lies the whole secret to good bread.

The average housekeeper does not realize that the years and proper conditions have more to do with good bread than flour—as long as the flour is an all hard wheat patent of uniform quality.

NORTHWEST flour makes wonderful bread if an accomplished housekeeper makes it. Try it. Your groceryman will gladly recommend this home product.
