Catarrhal Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. Catarrhal Deafness requires constitutional treatment. **HALL'S CATARRH MEDICINE** is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. **HALL'S CATARRH MEDICINE** acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and restoring normal conditions.
