Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. Catarrhal Deafness requires constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and restoring normal conditions.

Don't Surrender Your Rights!

OUR forefathers fought for their rights. Many of them gave their lives that we might enjoy freedom.

In the Declaration of Independence they recorded those truths that have so safely guided our democracy.

They have written that men are endowed by their Creator with certain "unalienable" rights, and "to secure these rights governments are instituted among men."

And now these rights are attacked. The School Monopoly Bill (called on the ballot Compulsory Education Bill) proposes that we surrender a God-given right—the right of parental control—the right of a parent to say in what school his or her own child shall be educated.

Maintain your right to control your child through the education you feel it is right to give it. Do not be led astray by fine phrases. Look into this dangerous bill. You will find the vital principle of "unalienable" rights is at stake.
