

NEXT SATURDAY IS U. of O. HOME-COMING

Hundreds of graduates and former students of the University of Oregon will journey to Eugene this week from all parts of the Pacific coast for the university's annual Homecoming festivities which will open Friday evening and close Saturday night. The chief attraction of the annual event will be a football game between Oregon eleven and the Washington State College team. The institutions are traditional football enemies and

are represented this season by two of the strongest teams in the Pacific Coast conference, and the game promises to be one of the hardest fought gridiron battles ever played in the west. The contest will be preceded Friday night by a gigantic street parade and bonfire rally. This is an annual event and each year becomes more noisy and hilarious. Armistice day will be commemorated with a patriotic parade Saturday morning in which Lane county organizations and students will combine. In

the afternoon a flag raising and military salute ceremony will be held on Hayward field before the football game is started. Sixteen hundred graduates and former students of colleges other than Oregon, who are now making their homes in the state have been invited to come to Eugene and participate in the Homecoming and at a ceremony to adopt the university as their step-alma mater. A coast conference cross country race, big noon date luncheon, alumni meeting and Homecoming ball are on

the program for Saturday. Scores of former athletes of the university will return and parade about the field before the game starts. They will have a special section of seats and will be feted at a banquet Saturday night. Special rates to Eugene are being offered on railroads at all stations in the state, for the benefit of the hundreds who will return to Eugene for the occasion. BULL for service at the Springfield Feed Barn, at foot of Main street, the

TIME FOR THOUGHT
In the Southern Pacific-Central Pacific merger order the people of the Pacific coast are not so much concerned with who possesses the Central Pacific as they are with what of foot on transportation service will follow from separation of the two roads. It is generally urged by the shipping public that the present arrangement is satisfactory and the consensus of opinion is that no good, but probably a great deal of harm, can follow from tearing the Southern Pacific to

pieces.
When the question is disposed of before the interstate commerce commission it will be settled for a long time, so now is the time to consider and act wisely. How it is settled may be of the gravest concern to the Pacific coast. We know what we have now but we do not know nor can we well foresee what we shall have if the present Southern Pacific system is broken up.

CALL FOR SCHOOL WARRANTS
Notice is hereby given that all School Warrants on District No. 19 Lane County, Oregon, to and including Register No. 1011, dated April 1, 1922, will be paid at the county treasurer's office, on Friday, November 10, 1922. Interest will cease on that date.
EDNA WARD, County Treasurer.
Dated at Eugene this 7th day of November, 1922.

Some persons are subject to frequent colds, while others seldom, if ever, have a cold. You will find that the latter take good care of themselves. They take a shower or cold sponge bath every day in a warm room, avoid over heated rooms, sleep with a window open or partly open, avoid excesses, over eating, becoming over heated and then chilled and getting wet feet. Then, when they feel the first indication of a cold, they take Chamberlain's Cough Remedy without delay and it is soon over.

EUGENE OREGON

A Simple Experiment

HOW often you hear someone say, "I don't know what becomes of my money," yet how seldom those same people make any effort to find out.

Here's a simple experiment. For thirty days jot down every nickel you spend. Not every cent. Pick out the items for which you have nothing to show, multiply their total by the number of the months you have been earning.

—then open a savings account at the First National Bank of Eugene
