APPLY FOR YOUR AUTO LICENSES AT ONCE

Application blanks for 1923 licenses have been mailed by the secretary of state to all motor vehicle owners in Oregon, so as to permit them to apply for and receive such licenses before January 1, 1923. Motor vehicle owners will avoid much trouble, annoyance and unnecessary delay by promptly applying for their 1923 licenses upon receipt of the application blanks. Deferring applying for licenses until about the first of the year only congests the work of the secretary of state's office and may result in the arrest of the car owners by traffic officers for failure to have the 1923 license on their cars after January 1, next. License plates for 1923 will have a dark blue background and white figures and letters.

Up to October 27, 1922, there have been registered and licensed in Oregon, 526 motor vehicle dealers, 11,594 chauffeurs, 211,496 motor vehicle operators, 3,162 motorcycles and 131,834 passenger and commercial cars, from which total the license fee aggregate \$3,307,073.98. The fees, less administrative expenses, are distributed one-fourth to the counties from which the registrations are received and three-fourths to the state highway fund for use in road construction and improvement throughout the state generally.

The distribution of the registration up to September 15, 1922, shows that in Lane county there were registered 22 motor vehicle dealers, 456 chauffeurs, 1274 motor vehicle operators, 226 motorcycles, 5717 passenger cars, 18 buses and stages, 161 commercial cars of less than one ton capacity, 358 trucks of from one to five tons capacity and 31 trailers of from one to five tons capacity, or a total of 6296 licensed passenger and commercial vehicles.

head of the United States Veterans' bureau. December 15 is the last day requests for training can be considered under the present federal ruling governing soldier rehabilitation, he stated.

"The government is anxious that all ex-service people who are entitled to the benefits of the Rehabilitation Act take advantage of this opportunity before it is too late," said Mr. Joseph. "Veterans whose war injuries have prevented them from resuming their pre-war occupations are entitled to vocational training under the direction of the Veterans' Bureau. The law states that application for such training must be made prior to December 16, 1922."

Mr. Joseph announced that application may be made by writing a letter to the nearest bureau office expressing a desire to apply for the training which the government offers. Where post mark of the letter of application shows that it was mailed on or before December 15, the applicant will be considered.

Floyd Nystrom, who has been working in Portland for the Pacific Telephone Co. the past two months, is at home for a while with his parents, Mr. and Mrs. Andrew Nystrom.

OREGON PLAYS THE U. OF W. THIS AFTERNOON

This afternoon Oregon's football team will clash with the University of Washington gridsters in the Washington stadium in Seattle. The outcome of this game in addition to deciding the championship of the north-west conference, may also determine which coast team will represent the west in the grid intersectional game with Pennsylvania State college to be played at Pasadena New Year's day.

Up to the present time the "Web-footers" have not been defeated in either the Pacific coast conference or the Northwest conference, and should Oregon win today's game, she will stand at the head of the line as the choice for the post-season grid classic.
