Taking Desperate Chances

It is true that many contract severe colds and recover from them without taking any precaution or treatment, and a knowledge of this fact leads others to take their chances instead of giving their colds the needed attention. It should be borne in mind that every cold weakens the lungs, lowers the vitality, makes the system less able to withstand each succeeding attack and paves the way for more serious diseases. Can you afford to

DOES IT PAY TO WORRY ABOUT APPENDICITIS?

Can appendicitis be guarded against? Yes, by preventing intestinal infection. The intestinal antiseptic, Adler-ika, acts on BOTH upper and lower bowel removing ALL foul, decaying matter which might start infection. EXCELLENT for gas, stomach or chronic constipation. It removes matter which you never thought was in your system and which nothing else can dislodge. One man reports it is unbelievable the awful impurities Adler-ika brought out. Catarhal Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. Complete Deafness requires constitutional treatment. KATZ'S CATARRHAL DEAFNESS CURE is a constitutional remedy. CATARRHAL DEAFNESS is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed, you have a running ear or impaired hearing, and when it is inflamed by colds, the result is deafness. Unless the inflammation can be removed, your hearing will be destroyed forever. KATZ'S CATARRHAL DEAFNESS CURE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and restoring normal conditions. Circulars free. All Dealers. F. J. Cheney & Co., Toledo, Ohio.
