Tate of Redmond was burned to death when the Tate residence took fire from an overheated stove. According to Lee McCarn, superintendent of the Alsea hatchery, the steelhead egg take in that district will reach a total of 10,000,000 or better. Patrons of the Cloverdale Telephone company of Tillamook county have filed with the public service commission a complaint charging inadequate service. William Wurzweller, well known stockman of central Oregon, president of the Bank of Prineville and for the last two years mayor of the city, died in Portland. The Dalles school board has announced it will shortly ask the taxpayers to vote a \$60,000 bond issue to finance the construction of a new ten-room school house. Immediate action will be started by the Linn county court to procure the Santiam road over the Cascade mountains by way of Fish lake from the company that now holds it. Governor Pierce will be requested to issue a conditional pardon for Judge Keyes of Wasco county, who recently was sentenced to a jail term for having liquor in his possession. The spread of diphtheria and measles in Portland has not yet been abated, and records in the health office show 165 cases of diphtheria in quarantine and 561 cases of measles reported. Resolutions urging congress to support the formation of an export commission for handling wheat were adopted at Pendleton by the executive committee of the Umatilla county farm bureau. The total expense to Jackson county in its investigation and search for the Siskiyou tunnel train bandits and murderers, since the day the crime was committed early in October, to date, amounts to \$670.66. Bids for resurfacing with crushed rock the Umatilla-Echo section of the old Oregon trail, covering a distance of 22 miles, will be opened at the next meeting of the state highway commission, to be held in Portland January 8. Lake county leads in the state with relation to the proportion of boys to girls that complete a standard four-year high school course, according to announcement made by J. A. Churchill, state superintendent of public instruction. While out shooting chum salmon with a borrowed shotgun, Chris Zweifel, 16, of Nehalem, accidentally tripped and fell on the gun, which was discharged. The shot tore off the nose and part of his forehead and left eye. An estimated total of 55,592 automobiles, the bulk of which were tourists, passed through Baker on the Old Oregon Trail during the last year, according to a report prepared by Walter Mencham, president of the Old Oregon Trail association. In a decision handed down at Astoria by Circuit Court Judge J. A. Eakin, the recent consolidation of school district No. 7, of Clatsop county with district No. 56 of Columbia county was held illegal for the reason that no proper notice of the special election was given. Convictions under the prohibition law are growing in number and heavier fines and jail sentences are being meted out than ever before, according to reports received by J. A. Linville, federal prohibition director, from every sheriff in the state. Eighty-six per cent of those arrested by the state officers in the last fiscal year, ending June 30, 1923, were convicted. There were 1878 arrests made in the year and of these 1445 persons were convicted. The fines totalled \$159,666.77.

Hundreds of dead smelt and other small fish are reported to be floating about in the vicinity of the wreck of the British steamer Welsh Prince in the lower Columbia, as the result of dynamite explosions in blowing open the deck of the hulk. Oregon winter wheat acreage this year is practically the same as last year, the revised estimate of which was 896,000 acres, while the condition is decidedly better than a year ago, reports F. L. Kent, statistician of the department of agriculture. The condition of the growing wheat is placed at 97 per cent of normal. Tom Murray, ex-convict and confessed leader of the trio who held up the Lane County State bank at Florence on the morning of December 11, was arrested in Portland with four other men, one of whom, the police said, has been all but positively identified as one of the bandit trio. The sum of \$143, said to have been stolen from the bank, was recovered. Herbert Egbert of The Dalles, and Mrs. G. B. Jones of Monmouth, were re-elected president and secretary-treasurer at the final sessions at Eugene of the state convention of the Educational and Co-operative Farmers' union of Oregon. Wasco county was selected as the next meeting place, and it is probable that the gathering will be held at The Dalles. The Pacific Bridge company of Portland, which has the contract for the construction of the new draw-bridge across the Lewis and Clark river at Astoria, suffered a loss estimated as high as \$15,000 and work on the bridge was delayed by a strange accident. The concrete base for the east rest of the bascule draw and consisting of a solid block, weighing approximately 300,000 pounds, had been completed and permitted to set under water for the required 26 days. Tests were made and the construction of the base was pronounced perfect. The water was pumped from the coffer dam and preparations were made to proceed with construction of the rest of the pier. When You Are Constipated To insure a healthy action of the bowels and correct disorders of the liver, take two of Chamberlain's Tablets immediately after supper. They will not only cause a gentle movement of the bowels, without uneffects, but banish that dull, stupid feeling, that often accompanies constipation. Dr. S. Ralph Dippel, Dentist, Vitus building, Springfield, Oregon.
