PLEASANT HILL

Mr. and Mrs. E. B. Tinker and daughter Bonnie Jeanne returned last Wednesday afternoon by auto from Red Bluff, California, where they had gone to spend the holidays with Mr. Tinker's sister, Mrs. F. B. Godbott. They say the road is in splendid condition from Goshen to the border. Little snow was encountered on the north side of the Siskiyou but practically none on the south side. The signs "drive slow, slippery road ahead" which are placed several yards before the road in question is encountered, makes traveling safe for the careful driver. The road from the border to Hornbrook is now under construction. Culverts are being laid preparatory to paving. The road is passable but travel is slow and unpleasant. The road from Hornbrook to Yreka is in splendid condition. Here very heavy guard fences are being put in practically all the way along the Shasta river. This greatly relieves the traveler as the road is winding and the drop from the road to the river is very precipitous and high in places. The road from Yreka to Weed is in poor condition, showing lack of maintenance, but here also culverts are being put in preparatory to concreting. From Weed to Redding the road is in splendid condition.
