A Word in Parking
 Alon: "Isn't that a divine part that Charles has in his hair?"
 Grace: "That's not a part. That's where the marble cracked."

Frank Thompson of Portland was a Sunday guest at the home of Mr. and Mrs. John Henderer.

Hot Air Messages
 There are radios and radios. And strange things may be heard over some of them. However, no one knows what can be heard over the one at the Booth-Kelly sawmill.

The March, 1924, issue of the 4L Bulletin, published in Portland, includes the following little article by D. W. McKinnon of the Booth-Kelly office force:

For diversion during the noon hour period at the Springfield, Ore., plant of the Booth-Kelly Lumber company, a home-made but high-powered "radio" set has been designed and installed by the boys who work in the planer.

According to a very technical report from Springfield the construction of this particular radio is unique. A strand of haywire suspended between two sticks serves as an aerial and the receiving set is made from two Hagencopen snus boxes. Ear phones also are manufactured from the little red containers and are said to be very satisfactory, and everyone seems to get quite a kick out of the machine.

BORN
 At their home at Walterville, March 1, 1924, to Mr. and Mrs. Farel McQuinn, a son.

At the home of Mrs. Lulu Aldrich, February 28, 1924, to Mr. and Mrs. Ray Morin of Yoncalla, a daughter. Left for Idaho—Mrs. C. E. Marechal, a former Springfield resident, who has been visiting Mr. and Mrs. Charles Egemann, left for Lewiston, Idaho, Tuesday afternoon.

At the Springfield hospital, March 1, 1924, to Mrs. Vin Williams, a daughter.

At their home, March 4, 1924, to Mr. and Mrs. Severt Jacobsen, a daughter. The infant is the fourth daughter in the family.

Forbidden
 "Sweetheart, if you do not promise to be mine I will kill myself!" the youth cried theatrically as he knelt before his ladylove.

"Oh, surely you will not do that!"
 "I will. I'll go out on your own front lawn and hang myself on a limb of a tree. Then perhaps you will regret your heartlessness."

"George, George, you mustn't! Promise me you won't do that!"
 "Ah! Then you do love me?"
 "No. But Dad told me that if I let you hang around here and he found it out he would cut my allowance in half."—American Legion Weekly.

F. M. Patrick of Hayden Bridge made a business trip to Springfield yesterday.

Mr. and Mrs. William Rodenbaugh drove to Salem Tuesday on business. Mrs. D. W. McKinnon assisted in Newland's store Tuesday and Wednesday.

Erase the marks of Winter!

Old winter leaves its mark on the inside of the house as well as on the outside. Look for the proof on floors that have been scuffed and worn and now are dull and just a bit shabby. Spring is a time of new things—a time to brighten up. Why not go over the floors and woodwork with a transforming coat of

Real Economy in Motor Oil

Be careful to choose the motor oil that contains the least sediment. Sediment is caused by the heat of your engine breaking down the lubricating oil. To avoid sediment use a lubricant that resists heat. Veedol is made by the Faulkner Process, a new discovery that gives remarkable heat and wear resisting qualities. It reduces sediment 80%. Veedol costs a little more than the average lubricant, but five gallons will run from 2,000 to 5,000 miles. Can you afford to use anything cheaper?
