Will Live in Roseburg—Mr. and Mrs. George Marsters left Friday for Roseburg, where they will make their home. Mr. Marsters was connected with the Skaggs grocery store, and will be employed at the Skaggs store in Roseburg.

Springfield Cadet in Exhibition—Oregon Agricultural College, Corvallis, May 21.—William Halsey, of Springfield is one of the entrants in the infantry exhibition drill which will be one of the 15 competitive features of the annual military tournament to be held here Decoration Day, May 30.

The military department of the college is sparing no effort to make this the largest and most interesting tournament ever held here, though previous ones have ranked as major events in the college year. The night sham battle has been displaced this year by an afternoon program of spectacular contests and demonstrations in one of which Mr. Halsey has entered.

Military training for the students closes for the year with the tournament, hence this annual event takes on the nature of a celebration as well as a military exhibition. Mr. Halsey has trained a year in the infantry.

SPECIAL PRICE on plate work. Dr. N. W. Emery, dentist, Sutton Bldg.

Play Practice Started—Practice for "Stop Thief," the Springfield high senior class play was started Monday evening. The cast will practice almost every evening until the date of presentation, June 8.

"If it works, it's true!"

But it doesn't prove out in practice—this legend about salt as an aid to bird-catching.

Neither does this superstition that there is something mysteriously "better" about eastern lubricants—merely because they cost more. Every quart of Zerolene you buy proves the groundlessness of this superstition.

Pacific Coast Crude Is Best

Zerolene is a western oil—and a better oil even if it does cost less.

As a matter of fact, the best crude petroleum so far discovered for the manufacture of a motor lubricant is obtained from Pacific Coast wells, and the most advanced refining process is this Company's patented high-vacuum process during the use of which Zerolene is submitted to 15 positive checks for quality.

Experienced Drivers Prefer Zerolene

Experienced drivers know this—that Zerolene lubricates more cars in the Pacific Coast states than any other oil made—heavy-duty trucks and high-priced cars alike. Superstitions don't work out in practice—Zerolene will increase the gasoline mileage of your car, reduce carbon accumulation in the cylinders and lengthen your car's working life.

Why pay tribute to a superstition? Insist on Zerolene—ask for it by name.

Get the Facts!

A series of independent and impartial reports showing the experience of large users with Zerolene has been collected in our booklet, "Why Pay Tribute to a Superstition?" Ask any Standard Oil Company representative or Zerolene dealer for a copy.

Insist on ZEROLENE even if it does COST LESS
