Concertos, the recognized greatest compositions written for piano and violin, taught to beginners during their first year of instruction.

Spohr's famous Violin method written for beginners contains concertos.

He was one of the greatest Violin Virtuosi the world has ever known.

731 Willamette St.

Injured in Collision

James Mitchell received a bad cut over his right eye Saturday when the Ford Coupe in which he and Dwight Kenney were riding collided with another car in Corvallis. Mr. Mitchell was thrown against the windshield, causing the cut, and blacking both of his eyes. The two men proceeded to Newport.

Burned by Electricity

While throwing out an electric switch at the Springfield lumber company Saturday morning, Theodore Karan had his right hand badly burned. The current entered Mr. Karan's hand through the fingers, and came out near the wrist, causing serious burns at both places. He will be unable to resume his work for several weeks.

RUPTURE EXPERT HERE

F. H. Seeley, of Chicago and Philadelphia, the noted truss expert, will personally be at the Gabor Hotel, and will remain in Eugene Tuesday only, June 9. Mr. Seeley says: "The Spermatic Shield will not only retain any case of rupture perfectly, but contracts the opening in 10 days on the average case. Being a vast advancement over all former methods—emphasizing instantaneous effects immediately appreciable and withstanding any strain or position no matter

the size or location. Large or difficult cases, or incisional ruptures (following operations) specially selected. This instrument received the only award in England and in Spain, producing results without surgery, injections, medical treatments or prescriptions. Warning—All cases should be cautioned against the use of any elastic or web truss with understraps, as same rest where the lump is and not where the opening is, producing complications necessitating surgical operations. Mr. Seeley has documents

from the United States Government, Washington, D. C., for inspection. He will be glad to demonstrate without charge or fit them if desired. Business demands prevent stopping at any other place in this section. P. S.—Every statement in this notice has been verified before the Federal and State Courts.—F. H. Seeley, Home Office 117 N. Dearborn St. Chicago.

SPECIAL PRICE on plate work. Dr. N. W. Emery, dentist. Sutton Bldg.

Un-superstitious pedestrians often do thi

—Proving that a post can divide two people without splitting their friendship. In the same way experienced motorists have proved to their complete satisfaction that Zerolene, a western oil, will lubricate the modern automobile engine as well or a little better than any oil they can buy, although it costs less than eastern lubricants.

The anti-western oil superstition succumbs to experience

Zerolene is successfully lubricating more cars in the Pacific Coast states than any other oil made—low and high priced cars alike. The most advanced refining process is this Company's patented high-vacuum process, during the use of which Zerolene is submitted to 15 positive checks for quality. Zerolene's special filtration through 40 tons of Florida Fuller's Earth gives you an oil of absolute purity—a better oil even if it does cost less!

Less carbon—better fuel mileage

Zerolene will increase the power and gasoline mileage of your car, reduce carbon accumulation in the cylinders and lengthen the working life of the engine.

Why pay tribute to a superstition? Insist on Zerolene—ask for it by name.

Get the Facts!

A series of independent and impartial reports showing the experience of large users with Zerolene has been collected in our booklet, "Why Pay Tribute to a Superstition?" Ask any Standard Oil Company representative or Zerolene dealer for a copy.

Insist on ZEROLENE even if it does COST LESS
