COBURG NEWS

Mint Coming to Cannery. A thousand dollars worth a mint a day is now coming into the Coburg cannery, according to H. Taylor, proprietor. He has good equipment for extracting the mint. The cannery is putting up corn now also. A new concrete floor and other improvements have been made to the building. L. D. Shrode, who recently came here from North Bend, has rented a furnished house, and is driving to Eugene each day where he is employed. Rents are so high in Eugene that people are finding it to advantage to live in the smaller communities. A house like Mr. Shrode rents here for \$15 would cost him \$50 a month in Eugene. The Smith residence near the high school is receiving a new roof. Lonay Walker has just painted the front of Dr. Jaragin's drug store. It greatly improves the appearance of the building. Mr. Walker has also finished painting Pa'n's store. A number of carloads of piling are being shipped from Coburg to Portland. The Mountain States Power company unloaded two carloads of poles here. Contractor McFee, of the Southern Pacific, shipped a carload.

Owing to sickness and hop-picking, only a few of the ladies were present at the last meeting of the woman's auxiliary, which met at the home of Mr. and Mrs. George Kelsay Wednesday after August 19. Mrs. M. E. Hays and Mrs. C. E. Jordan were hostesses with Mrs. Kelsay and served refreshments. The place of meeting for next month was not decided. The young folks of the Christian Endeavor plan to go for a picnic dinner after church next Sunday. Rev. W. A. Elkins, who has been absent from the pulpit at Pleasant Hill for the past three weeks has returned from his stay at Camp Lewis and gave one of his usually good sermons last Sunday, August 23. Canning Peaches, \$1 a box or \$2.50 a bushel, White Front Grocery. Three More Miles. They had been having a little family spat. He had driven along a peaceful country road for more than three miles without either of them saying a word. A mule, standing at a pasture fence-brayed at them as they passed. "One of your relatives," said he. "Quite right," said she "by marriage."

Margaret is only seven years old, but sometimes quite naughty. On one occasion her mother, hoping to be particularly impressive, said, "Don't you know that if you keep on doing so many naughty things your children will be naughty, too?" Margaret dimpled and cried triumphantly, "Oh, mother, now you've given yourself away"—Everybody's Magazine.

Your Birthday Is it this Week?

August 23-29. If you were born between August 23 and 29, you belong to both Leo and Virgo. You are materialistic but have a keen insight into human nature. You have a strong combination of fire and earth and are very determined. Having made up your mind no detail is too trivial. You are very methodical, generous and solicitous of others. Women are fond of everything that grows—from babies to seed in the ground. They are excellent mothers and wives; like to lead the fashion and are logical thinkers when educated. Men love the good things of earth. They make excellent teachers, physicians, chemists, lawyers, designers, journalists or politicians. You have tact and rarely offend. Born under this sign people have few faults—the most marked, unless curbed, are domineering tendencies; interference in affairs not their own and a false pride and ambition which makes them toadies to money and position.

SOVERIGN GRAND LODGE I. O. O. F. TO MEET SOON

Portland Scene of Convention Where Great Attendance is Expected. A convention of international scope that will take place in Portland September 21 to 25, of general interest to the whole state of Oregon, is the Sovereign Grand Lodge of Odd Fellows; in fact this convention is not for Portland alone, but is being financed and handled by all of the Odd Fellows of the state. The Odd Fellow lodge has probably more members than any other Fraternal Organization in Oregon, there being over 47,000 members in the state, with approximately 500 separate lodges. The Odd Fellows lodge in the whole world had membership, according to the last census, of 2,700,000. There are 16,728 subordinate lodges, 3,677 Encampments, 10,182 Rebekah lodges, and 789 Cantons. There will be official representa-

tives from every state in the union as well as each of the Canadian provinces. The order will also have representatives from all parts of Australia, Cuba, and eastern countries. The visitors are coming as guests of the lodges in the jurisdiction of Oregon, and an active committee has been at work in Portland since January this year planning the entertainment of the visitors which will likely run as high as \$5,000. An advisory committee including the leading members of the order in all parts of the state, is assisting the general committee in arrangements to plan for the work. Among other things in the program which includes daily meetings of the Sovereign Grand Lodge, the Association of Rebekah assemblies, and the General Military council, there will be numerous bands to entertain the thousands of lay members who will be in Portland to put on drill contests and participate in a monster parade through the streets of that city on Wednesday.

Communications

Susanville, Cal. August 15, 1925. Editor News, Springfield, Oregon. Dear Sir: Having spent the greater part of the past summer in Springfield, and becoming greatly interested in its future, I know no better way of keeping in touch with affairs there than to order the News to my address. I think Springfield has finest location in the valley. Her people are enterprising and everyone has money. They seem to be willing to back any enterprise promising a fair reward. I think Springfield has a brilliant future and will prosper in spite of all opposition from across the river. All her people want is a square deal and they will do the rest. Do not wait any time in offering chompos to the S. P. railroad thinking to change their plans in regard to terminal plans or anything else. They have the very disagreeable habit of doing just as they please. An agreement with a railroad company and a community is very much like a treaty between nations. Only binding so long as neither party can break it to an advantage. When such happens all the recourse the injured party has is to sit quietly down in some secluded spot and indulge themselves in the latest brands of profanity. So with best wishes for Springfield in general and the News in particular, I am sir, Very respectfully, J. W. ORR, Susanville, Calif.
