WESTERN MAN PRESIDENT GROCERS' ASSOCIATION

Marked recognition of the progressive methods of western chain store operators is shown in the election of M. B. Skaggs to be president of the

National Chain Store Grocers' association at its annual convention in Chicago.

This association is composed of the larger operators of chain grocery

stores in this country and represents about thirty thousand stores.

Within the last ten years chain stores have taken an unusual position in the business of the nation, and today are recognized as a great economic factor in helping humanity solve the problem of the ever rising cost in the distribution of necessities.

Mr. Skaggs has rare business ability. Beginning with one small store at American Falls, Idaho, in 1915, he has builded day by day until now the Skaggs stores have food distributing stations in the principal cities in the states of Idaho, Utah, Oregon, Washington, Colorado, Wyoming, Nevada, and California, which furnish employ-

Shaving Brush

Got some bargains in these, but if you are accustomed to use Barbasol or Mollie, why naturally there's no need at all of you getting excited about brushes, Am I right?

Teeth!

Have some life size tooth brushes which are tuff, ruff and mean! No feminine set of teeth would stand up under the sort of treatment these brushes hand out, so men step up and do your stuff!

Rum!

Buy Rum is for OUTSIDE uses ONLY. AFTER shaving is when this should be indulged in and ONLY on the OUTSIDE of the face. Sorry about it, too.

Male Powder!

No, it's not GUNpowder. It's a certain kind of TALCUM powder that removes the shine nicely and is so modest it disappears immediately AFTER.

Strops!

If you don't know the knack of using one of these, you'd better pass over this ad. They do give you an edge on your razor, however that results in a REAL HEAD BARBER shave.

Therapeutic Shaving Cream

Don't let the title kid you even a little bit. All that means is that in case you cut your throat shaving with this cream, you will die from loss of blood instead of blood poisoning. That's all it means.

KETELS DRUG STORE

"Corner 5th & Main"

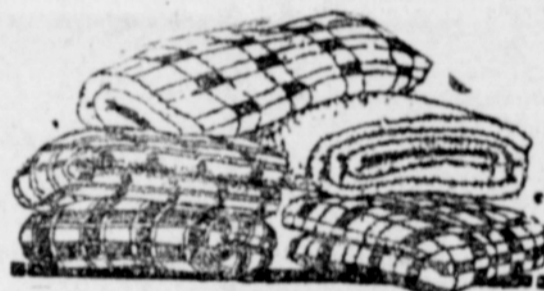

The Only Difference Is Important:

A merchant in New York, who, like ourselves, does not believe that so-called "sales" safeguard the interests of the public, says that "the only difference, in our opinion, between an ordinary every-day hold-up and a reduction sale is, that in the first you pull a gun on a stranger whereas in the second you pull it on a friend."

"What a store loses in a sale," this merchant says, "is paid for by the excessive prices charged regular patrons. We simply don't do business that way."

Nor do we!
