UPPER WILLAMETTE

The annual freshman reception was held in the Union high school at Pleasant Hill Friday, October 9. The upper classes had prepared a splendid program of songs, readings and numbers on different musical instruments. This was followed by refreshments and games, the reception breaking up at 10:30 p. m.

On Saturday night October 10 a good crowd gathered at the high school gymnasium and enjoyed a program put on by the Hawaiian serenaders. The musical numbers and the whistling solo and the readings accompanied with clever acting brought forth much applause.

The home of Mr. and Mrs. Kelsay, at Lost Creek above Dexter, was entirely destroyed by fire Saturday night, October 11. The family are living for the present in another little building on the ranch.

Mr. and Mrs. John Lawson, who have been living at Zion the past summer, expect to return to Pleasant Hill for the winter. The children will enter the Pleasant Hill public school.

Mr. and Mrs. C. F. Hyde of Eugene visited at Pleasant Hill Sunday. Emory Schreder, who is attending the Eugene high school has made the high school glee club.

The pupils of the Pleasant Hill public school are doing the janitor work this month. The money thus earned is to go toward buying library books.

Three new typewriters and considerable apparatus has been added to the equipment at the Union high school No. 1 the past month.

Trent public school opened last week with an attendance of 58.

A baby girl was born to Mr. and Mrs. Woodward at Pleasant Hill Sunday morning, October 11.

CABINET WORK DONE AT ANDERSON PLANT

Two buildings, one holding the planing and moulding machinery, and the other a cabinet shop, comprise the Anderson Manufacturing plant.

Besides general planing mill work, cabinets, built in features, ironing boards, window frames, sashes, and doors are manufactured regularly at the plant, and other work is done by order.

Five principal machines fill the large shop. The latest type of Yates inside moulder greatly assists in doing heavy and complicated work, many Eugene shops sending their heavier work to be finished by this machine.

The present mill has been at its present location on 3rd street and G for two years.

100 YARDS OF GRAVEL IS DAILY OUTPUT OF PLANT

Gravel from the bar in the river is brought in by means of a drag line, and the oversize rocks are crushed to various grades at the Springfield Sand and Gravel company, located just off of Main street on Mill.

The plant, owned by H. Chase, has been there a year. Three, and sometimes four, men are employed there. One hundred yards of gravel a day is the average daily output. The plant provides delivery service anywhere in the city, and also ships a great deal of gravel to other towns of the state. Despite the high water in the winter, the plant is seldom held up in the winter, Mr. Chase says.

Camping and other forms of forest recreation have a direct beneficial influence on the development of sturdy character and good citizenship, say forest officers. They point out, however, that a clean camp and a dead fire are necessary to maintain attractive and healthful recreation areas.

Of Course.

"I suppose," supposed Tot. "that when your rich aunt comes to New York you'll see that she's properly entertained."

"You bet," answered Dot. "She'll get the best entertainment her money can buy."

America's Greatest Horse Show

MRS. ROGER PEIRCE OF HOLLYWOOD, CALIFORNIA, ONE OF THE COUNTRY'S MOST NOTED RIDERS, AND HER HUNTER, "JOHN PEEL."

The Pacific International Horse Show, Portland, Oct. 31st to Nov. 7th, again takes the front of the stage in 1925 with the largest offering of premium money in America.

\$25,000 for the 35 classes to be shown of which \$19,000 is in stakes—seven of \$2,000 and five of \$1,000—make this a phenomenal prize list. The stake events are: Olympic Hotel, Seattle, \$2,000, for five-gaited horses; Seattle Horse Show Association, \$2,000, to be shown in two divisions as follows: \$1,000, five-gaited mares and \$1,000, five-gaited stallions and geldings; Northwestern National Bank, \$2,000, for roadsters; Portland Chamber of Commerce, \$2,000, for heavy harness ponies; Sovereign Hotel, \$2,000, hunters and jumpers; Portland Hotel, \$2,000, heavy harness horses; Multnomah Hotel, \$2,000, three-gaited horses; W. F. Turner, \$1,000, junior five-gaited horses; Henry Thiele, \$1,000, Shetland ponies; Olds, Wortman & King, \$1,000, polo mounts; Benson

Hotel, \$1,000, fine harness horses; and Imperial Hotel, \$1,000, six-in-hand driving.

The greatest series of horse shows ever known is being held now in California at Stockton, Sacramento, Ventura and Pomona, all former shows being augmented by a flood of newly purchased show horses. According to General Manager O. M. Plummer of the Exposition and Horse Show Manager, A. P. Fleming, a train load of livestock, of which 14 carloads are horses, will come from the east to Portland this fall, as will all the horses now showing in California.

The result of these additions will unquestionably enable the Pacific International to break the size and quality records now being made in the south.

The growth of the horse show feature of the Pacific International is one of the most significant facts of the comeback of the horse.

The Last Laugh.

"What a peculiar looking carpet that is under the elephant," remarked a visitor to the circus.

"That's no carpet," corrected the elephant's keeper. "That's the man that gave the elephant a chew of tobacco."

Practical Instructions in HOME SEWING

Dressing to Type---The Right Hemline

Paris, Aug 28.—This fall, as for the past few seasons, there will be a good deal of diversity in skirt lengths. The skirt that reaches about five or six inches below the knees seems to be liked best by those who have straight slender figures and trim legs and ankles.

Parisian designers know that the mode cannot be made alone for this type. As one expresses it, "There is a hemline for every figure. The woman whose hips are large must have fullness—else when she sits down she will no longer be beautiful. For her I use plaits or circular lines. If the legs and ankles are not chic—I look to the length."

A dress with an overskirt often gives an illusion of shortness, as in the model sketch in the center. An uneven hemline is also smart and is good for the woman who does not wear short dresses well. For evening frocks of transparent material, with slip several inches shorter than the dress itself, are much used. This hemline is also a happy compromise for one who does not feel well dressed in an extremely short costume.

Help Wanted.

"Help! Help!" yelled the fat man, struggling in the water.

"All right, old man," shouted the advertising solicitor, jumping up from the park bench. "how about a few

lines in the want column?"

Working Under Difficulties.

"Come here, Si, and lift this stove over."

"You know I can't lift much, Mirandy, for I ain't got no teeth to grit."

Parboiled Mothers

are out of style in these days of modern baking. No longer need she spend week-ends over a red hot stove so that the rest of the family might feast.

Bread—just as wonderful; Pies—just as luscious; Cakes—still light as a feather are served daily in Springfield. They are from our big clean sanitary oven—and to be had cheaper than they can be baked at home.
