AN APPLE A DAY KEEPS DOCTOR AWAY

The National Apple Shippers' association has renewed its appeal for national co-operation in spreading the gospel of the apple during "National Apple Week," October 31-November 7. With a desire to respond in the most effective way possible the Union Pacific offers to broaden and make more complete the use of its now famous "150 Recipes for Apple Dishes." This valuable publication, which really originated in the Portland office of that system, bounded so suddenly into public favor that the management at headquarters decided to reproduce it in quantities to meet the enormous demand, and it will be good news to all who are interested in the apple to learn that it has now passed the eighth edition exceeding 1,150,000 books. It has not only reached every portion of the United States, but has leaped into Europe and was in fact the cause of the big apple movement now sweeping over England and some of her colonies.

Experts in culinary departments in hundreds of institutions throughout the land testify that the recipes are without exception the best collection known, and not one in the book that will not stand the most exacting test of domestic science. The book is now available without expense to any one concerned and will be mailed in single copies or quantities to any address on request to Wm. McMurray, general passenger agent of the Union Pacific system at Portland, Oregon.

AMERICAN LEGION WILL HAVE MIDNIGHT MATINEE

Four acts of vaudeville, two big motion picture comedies, an organ burlesque, two tons of confetti, several carloads of serpentine streamers, all shapes and sizes of Halloween hats, masks and 57 varieties of horns and whistles are to be a few of the many features of the big American Legion midnight matinee, which will be held at the McDonald theatre, Saturday night, starting at 11 o'clock, announced George Love and William C. Page, in charge of the show.

The main reason of the show, stated Mr. Love, is to raise money for the Legion benefit fund. The McDonald management is providing two feature comedies and a special organ feature, now being prepared by Frank D. C. Alexander, organist, and in addition is helping the legion stage the show. Four headline vaudeville acts, including a "Charleston" jazz band, singers, dancers and special stage effects are also featured on the midnight matinee program.

Tickets will be sold by every member of the legion, state the members of the committee, and a seat sale for late comers will be held at the theatre box office Saturday night. The legion drum and bugle corps will parade the streets before the show.
