## Kennell-Ellis Portrait Studio

HIGH CLASS PHOTOGRAPHY

Whose studio is located in Eugene on Willamette St., next to the Rex theatre, is the Art center for this section and enjoys an excellent patronage from Eugene and all the surrounding territory. They also conduct a studio in Salem under the same name.

In a review of this character it is eminently fitting that we devote some of our space to a testimonial of the excellent work performed at this studio in the successful practice of an interesting and artistic profession.

The art of photography which was introduced by DaGuerre nearly a century ago has within the period

developed from a mechanical trade to an art of science. As regards the photographer of today he must be a person of advanced ideas and thorough training so as to successfully compete with those who are now making this profession an art. As this studio is in charge of finished photographers who have made a life study of this interesting and artistic profession, they never let an opportunity pass to improve themselves.

They have in this studio, which may be termed this section's art center, the latest mechanical devices for the production of artistic photographs, and are admirably equipped to produce anything in the way of

modern photography to please the most critical.

In the artistic production of children's pictures they have gain well merited commendation and have an excellent display including the photographs of many well-known people of this section.

We might make this suggestion that a Portrait Picture will make an excellent Christmas gift and would advise our readers to make an immediate appointment for a setting.

The business is under the direction of latter-day business men who appreciate the value of good service as a trade winner and they and their associates are always willing and anxious to accommodate their patrons.

## Eugene Fruit Growers Association

Whose most modern and up-to-date plant is located in Eugene at 8th and Ferry St., is one of the most extensive and manufacturing plants in this section of Oregon. They do a tremendous fruit packing and shipping business and maintain one of the leading Dehydrating plants in this district, as well as a complete Ice and Cold Storage plant.

The Eugene Fruit Growers' association plant is the largest food plant in the Northwest and the largest packers of vegetables on the Pacific Coast. They maintain plants at Junction City, Creswell and Cottage Grove.

It is a fact beyond question that adequate ice service is essential to the progress and expansion of any community. Therefore in detailing the prospectus for a "Greater Home County" it is with a feeling of satisfaction

that we direct your especial attention to their ice manufacturing department.

There is probably no other community this size in the country that is better equipped in this respect, for this well-known and popular concern has provided modern and scientific machinery for the manufacture of pure ice, and this, coupled with the maintenance here of one of the most modern and up-to-date plants in this section, is responsible for the very satisfactory service rendered to their many patrons.

This is also the home of the famous College Ice Cream. This ice cream is not only healthy, protecting but is health giving as well. Only the purest of cream and flavors are used and every precaution is taken to make the product delicious and healthful. The machinery is of the

latest model and strictly up-to-date.

During the war the national food administration placed ice cream in class 3 because they found it was exceptionally high in food value. One quart of this delicious ice cream equals two pounds of lean beef, 1-8 pound ham, 2-3 pounds of eggs, 3 pounds potatoes. Therefore, even at its present price ice cream is yet one of our cheapest foods.

This popular plant is one of the leading institutions. They have always taken an active interest in all matters that pertain to the good of the county and have aided in the betterment of local conditions, realizing that a larger city and community would be a benefit to the whole people. We wish to compliment the management upon their progressive successful policies, and to refer their establishment and its products to our readers.

## Williams Bakery

"BUTTER KRUST BREAD"

Located in Eugene with a modern plant at 1760 East 13th is the home of the famous "Butter Krust Bread." The bread that is made with milk.

This is one of the most widely known concerns, not only because they maintain a modern, scientifically equipped plant which is under experienced and expert management, but also because of the fame their famous high grade products has spread far and wide. Of course, everyone knows their excellent service in this connection. When the people who handle important articles of food and the place in which they are handled, as described above, it is safe to wager that what they have to offer their customers is the best that money can buy.

This is the kind of a place that is operated by this popular establishment, and the kind that they have been operating since they first open-

ed their doors to the people.

So great has been the care in their effort to give the people the most wholesome food that their hosts of customers have learned to refuse goods from any other establishment, because they have confidence in their products.

Their bread is always crisp and fresh. It supplies strength and energy and is protected by a sanitary wrapper.

Their bakery goods are the very best that money can buy. They are baked under the most wholesome conditions, and the very best of ingredients, mixed and baked under the very freshest of condition. Those who have never tried the products from this bakery are missing one of the accomplishments of the perfect meal, as hosts of people are praising the work of this concern and are demanding that their supply

houses carry this excellent line of pure food products.

The standard of this institution is the best grade flours, pure shortening, sugar, salt, milk and other ingredients, mixed and baked under clean, sanitary conditions by skilled workmen.

As a consequence they find the business of the institution spreading far and wide over this section of the state and in this review of our progress we are glad to give commendable mention to their activities and to predict for the place ever greater expansion in the future.

The manager has been closely allied with the large business interests of this section of the state for some time, and has been instrumental in the upbuilding of this section of the country, and the institution should receive the patronage of the entire people.

## Benjamin Motor Co.

HUDSON, ESSEX DEALER

Who are located in Eugene with salesrooms at 824 Pearl St., are the agent for the famous Hudson-Essex automobiles in this section. Few cities of the like size in the nation can boast of such a modern and up-to-date motor service. Not only because they are authorized sales and service station for the Hudson-Essex, but because they render most efficient service. This well-known automobile company has become known as the home of the Hudson-Essex in this section. Hudson and Essex are the biggest producers of six-cylinder closed cars in the world, 95 per cent of the output in coach models, this permits the lowest prices in Hudson history, and for the finest Hudson ever built. Thus it is more than ever the "World's

Greatest Buy" and sales prove it.

Its simplicity has always meant a lower selling price than is permitted in complicated types. No design, however costly, has been found to excel Super-Six smoothness, reliability and performance. Hudson quality has constantly been improved. Easier steering, greater roadability, more comfort better materials, finer workmanship, handsomer appearance and more lasting finish.

This motor company employs only the expert assistants, no matter what may be your need in the line of service they are competent to execute it.

The men in charge are authorities on questions pertaining to the automobile business and are always cour-

teous and accommodating and it is a pleasure for them to supply your wants.

They offer a complete line of parts and service by mechanics who are thoroughly familiar with the construction of the engine, chassis, body and in fact with every detail.

The management and assistants are among the business men of high standing in the community and are prominent in the commercial life of the community. They are boosters for this section, and in this edition, embracing as it does the most salient features of the community's progress, we direct your attention to this establishment as one of the most important features of the efficiency of the community.

## Eugene Granite and Marble Works

MEMORIALS THAT PLEASE

With modern plant located in Eugene at 58 11th Ave., West, are manufacturers and dealers in marble and granite monuments, and are fully equipped to execute any design at their plant which is one of the most modern on the Pacific Coast, and where rough granite is turned into the most artistic carvings. And is one of the largest and most up-to-date monumental establishments in this section. They do their own work and guarantee you good work and best material at all times.

The plant of the company is extensive and equipped with the latest scientific machinery for production of high class work. Their name stands for quality, reliability in this

section of the country, and progress in the monument lines as the advances of the periods have marked improvement in the monument makers' art, this company has adopted these late scientific products as rapidly as they were approved by the trade. That the management has been especially active along these lines is evidenced by its modern and up-to-date plant.

The large number of monuments placed in the cemeteries now shows in what appreciation the people hold this establishment.

Their unusual symmetry and beauty of design stands as examples of their expert designing and workmanship, and are the admiration of all who see them.

Anyone desiring or expecting to want anything in the above lines, should consult them and look over their designs. The manager will be pleased to show you everything, whether you desire to purchase or not, and to every reader who brings in a copy of this story they will grant a 10 per cent discount on their work. It is a pleasure to us to point to this concern as one of the leading enterprises of this section and to say that it always has been eminently fair and honest, as well as progressive and up-to-date and that it has won for itself the reputation of being the leading concern engaged in this special field of endeavor. It is to your advantage to transact business with them.
