Giving Him a Lesson in

Benjamin Franklin, a wise man born of thrifty people, said: "If you would know the value of a dollar—try to borrow one."

How true.

Teach your son or your daughter that Franklin truth and nurture in their minds the appreciation of the value of the dollar while they are in the penny age. It takes a stronger hold and becomes so deep rooted that all later influences toward reckless spending and careless handling of money cannot destroy the habit of thrift—the solid rock upon which all success is built.

A Dozen Reasons For Re-Electing U. S. Senator Stanfield

1 Oregon is in great need of rapid development and must seek federal aid, which the state can obtain only through such men in Congress as Senator Stanfield, with his commanding position in the Senate as Chair of the Public Lands Committee and high rank on the powerful Finance Committee.

2 By reason of his important Senate Committee positions which a new man could not obtain in 10 or 12 years, Senator Stanfield has been an outstanding factor in obtaining Government appropriations for Oregon during the past five years amounting to \$32,695,978.

3 Senator Stanfield is leading the fight in the Senate to establish Oregon's right to use the revenues from her natural resources to develop the State and thereby reduce materially the taxes now burdening our people. His Grazing Bill, now before the Senate for passage, is the entering wedge to restore this right.

4 For the former Senator Stanfield was successful in urging the enactment of the Emergency Tariff law of May 27, 1921. Through the Norris Bill he obtained \$6,696,000 for Oregon from the War Finance Corporation for the relief of agricultural banks and personally supervised this aid for the Treasury Department.

5 During the past five years Senator Stanfield has aided Senator McNary in obtaining \$9,631,000 for Oregon reclamation projects. "In the hearing on the attempted sale of the Oriental Line to the Dollar interests, Senator Stanfield is assisting me in every way he can," wired Senator McNary on May 4.

6 Senator Stanfield, as member of the Senate Finance Committee, was largely instrumental in procuring \$7,386,000 for the improvement of rivers and harbors in Oregon, and is in position to assist materially in securing a 35-ft. channel from Portland to the sea.

7 The lumber business, Oregon's chief industry, has been relieved of an annoying handicap through the repeal of the Capital Stock Tax, the main credit for whose repeal is given by the National Lumber Manufacturers' Association to Senator Stanfield.

8 One of Senator Stanfield's leading achievements is his success in obtaining, and laying before the Senate, a favorable report from his committee on Public Lands on his \$5,000,000 O. & C. Tax Refund Bill, restoring the taxes lost to 18 Oregon counties and lowering thereby the taxes of every taxpayer in Oregon.

9 The Stanfield Home Loan Bill will benefit thousands of city dwellers desirous of building and owning a home. It provides for government-supervised loans on residence property in amounts of \$500 to \$10,000 at a rate of interest estimated not to exceed 6 per cent and payable in monthly installments over 5 to 15 years.

10 Senator Stanfield is a consistent supporter of the Coolidge administration and is standing with the president in the latter's enforcement of the prohibition law and reduction of federal taxes.

11 As a staunch friend of the Direct Primary Law, Senator Stanfield has publicly stated his attitude in unmistakable language. He says: "Conventions called without authority of law will be open to the same objections as the old convention system."

12 Because he has proved himself during his entire term in the Senate to be a friend of labor, Senator Stanfield has been officially endorsed by representative labor organizations, including the Central Labor Council of Portland on May 10 and Sunset Lodge No. 130 of the Brotherhood of Railroad Trainmen on May 14. Also by the Bayonet Club, the political organization of the Disabled Americans Veterans of the World War, for his steadfast support of legislation for veterans of all wars.

Keep Oregon to the Front in the Senate by Re-Electing Stanfield. It Would Take a New Man 10 or 12 Years to Match His Committees. (Stanfield-for-Senator Campaign, E. D. Cusick, Mgr.)
