

**SIX MONTHS SHOWS MANY ACTIVITIES**

(Continued from page 1)

and personal effects in abundance were donated to the family.

This resume of the activities in Springfield for the first half of 1926 indicates that there has been a steady progress along many lines of community effort, in industries, in civic improvement, and in organizations, and provides a forecast of continued betterment for the last half of the year.

**Leave for Home**—Mr. and Mrs. Frank Eads left this week for Dickinson, North Dakota, after spending a few days with Mr. and Mrs. J. F. Nadvornik. Mrs. Mensel Samerad, another friend of the Samerads has been ill at the Pacific Christian hospital but is now reported to be on the way to recovery.

**Returns from Hospital**—Mrs. A. P. Severson returned Wednesday morning from the Pacific Christian hospital where she had been a patient since Tuesday.

**4L HEARS TALK ON GROUP INSURANCE**

The local group of the 4L met Monday evening to hear a talk by Mr. Gunn of the Portland headquarters of the organization explaining the uses and advantages of some form of group accident and sickness insurance.

The 4L is considering the adoption of group insurance and the speaker of the evening was called upon to tell of the plan. The system provides insurance to be men for accident and sickness, according to the wage which he is earning. The higher the wage the more the insurance would be. Each employee would receive from \$10 to \$45 a week, according to his wage. The premiums would be from eighty-three cents on up monthly.

An insurance company will have men in the field soon to sign up the employees who wish to subscribe to this plan. They must have 75 per cent of the employees signed up before it will come into operation. All men who are working are eligible for the insurance, regardless of age or physical condition. The fact that they are working is all that is necessary to enable them to take out the insurance.

The naming of a woods promotion committee was taken up at the meeting and left in the hands of D. W. McKinnon.

**Portland Woman Guest**—Mrs. Frank Alexander of Portland is visiting for a few days at the L. W. Carney home at Waltherville. Mrs. Alexander came Wednesday.

**Back from Convention**—Dr. S. R. Dippel returned Thursday night from the Oregon State Dental convention in Portland last week. He reports that a most interesting and instructive time was had at the convention.

**FOR SALE**—Payroll sheets, printed and in stock at the News office. Form suitable for road, construction work, sawmills, etc., with table to compute workman's compensation and deductions. No employer should be without these forms when they can be purchased for a few cents each.

**The Nation's Favorite Investment. Public Utilities.**

Think what it means for utility services to be interrupted for a single minute. Everyone knows how the companies make heavy investments to safeguard the service—how loyal workers spare no efforts to restore service in time of emergency.

Here is a lesson for the careful investor. Services in such insistent, never-ending demand, mean steady employment of the funds invested in utility systems. All Community and industrial growth is reflected in their legitimate earnings. In periods of depression their services are still required.
