SWEET ALICE WALL STREET. DEWARE PARATHYROIDISM. 12,000,000,000 CELLS. SELLING RELIGION.

WALL STREET is as sensitive as Sweet Alice in the old song. She would "smile with delight when you gave her a smile, and tremble with fear at a frown."

The frown that startles the speculators now is Europe's suggestion that tariffs be wiped out. This land would have reason to tremble with fear if that "down with tariffs" suggestion were applied to the United States.

We might a swell go out of business, start all over again, wearing homespun and living on our crops. But that won't happen.

Science says, "Keep twenty pounds under what you think is your normal weight and avoid hyperparathyroidism."

Dr. Pflueger discovered that new kind of obesity, says many have it, that do not know it. A man weighing 200 pounds that ought to weigh 180 pounds could lengthen his life if he would get rid of twenty pounds.

Fat men and others not too fat, try this. Once every month, or better, twice, eat nothing but fruit for twenty-four hours.

Begin now with grapes. They are in season, and good for you.

Napoleon, standning at night on the deck of the ship carrying him to St. Helena, pointed to the stars and said: "You must admit that someone made all that."

This country will learn after awhile that a highway with heavy automobiles traveling fifty miles an hour with no rails to keep them in place is as dangerous as any railroad with its express trains. In a head-on collision one man turned suddenly from behind a truck, put on the brakes and skidded into a car coming from the op-

posite direction. Four were killed and all the fourteen occupants of two cars hurt.

Speed should be limited strictly on the public highways, if neces-sary, by a mechanical appliance on

every car. And reckless driving resulting in death should be punished as manslaughter.
