"LAY IT AWAY"

This is such a sensible and RIGHT idea that there will be very few people who will follow it! It's NEVER very interesting to do the SENSIBLE thing; always MUCH more interesting to do the FOOL thing—Or at least that's the way I've found it.

Christmas is nine days away. The last four or five days BEFORE Christmas will find folks bustin' about full of frayed nerves, sore feet, tired minds and a bent purse! Am I right?

NOW is the RIGHT time to do that shopping! NOW is the time to make up that list!

So here's what I'm going to do! You come in and make your selections NOW! You can do this calmly, peacefully and from a fresh, FULL stock of goods.

After you've done this, hand your purchase over to us, pay down TEN PER CENT on them and tell us to—

"LAY IT AWAY!"

Check these items off our list and then a few days before Christmas, come in, pay the balance and you will find them all wrapped up in proper Christmas togethery READY TO SEND!

As I said in the beginning, this is a GOOD IDEA.

But there will be only a very few of you snuggle up to it.

Idea for HER!

The nicer the girl, the more desirable she is, the HARDER IT IS to make a proper selection of a REGULAR Christmas Gift! Most always she HAS nearly everything she needs. Then there are the Mothers and Grandmothers and Aunts who come in for thought; Everyone is a new and separate problem quite entirely baffling to a male person. That's why we will do our derndest to help you out. See our windows.

Men Laff Lots of Times!

Men GENERALLY find that the gifts that they receive from lady folks are rather too sweet to be USEFUL! This doesn't ALWAYS happen but GENERALLY! So this year we ask fifty-nine men (all ages) to make up a list of ten items sold in this store which they would enjoy receiving! We hope you ladies will appreciate this. See our windows.
