PROGRESSIVE RED CROSS CAMPAIGN FOR HEALTH

Important contributions to public health were made by the American Red Cross through its Public Health Nursing Service, Nutrition Service, and in instruction in Home Hygiene and Care of the Sick. In every State and Alaska, with the exception of Delaware and Nevada, instruction was given by the Red Cross, also in the Philippines, Hawaii, Porto Rico, and Virgin Islands. A total of 57,370 women and girls learned to make a hygienic home, and care for the sick in their homes.

The United States Public Health Service estimates that adequate rural health nursing service would cost \$24,000,000 annually, but would save a billion dollars in value of human life, earning power, and economic conservation. The American Red Cross, through its Public Health Nurses, of whom there were nearly 800 on duty the past year, is doing its part in meeting this requirement.

The Red Cross, through its nutrition service, taught thousands what to eat for health. In this country, 24 States were served with from one to ten Red Cross Chapter nutrition programs in each State. In 33 States, nutrition instruction was given either through the regular nutrition instructors or through volunteer dietitians.

During the school year an average of 15,413 individuals a month, including parents, teachers, pre-school, and school children, were assisted to a better knowledge of food in its relation to health, and how to apply it to their daily lives. In March, 111,219 individuals, received this instruction, while during the year 3,588 classes were conducted and 6,450 conferences and home visits were given by nutritionists, thus reaching thousands of individuals.

The Annual Roll Call for Membership from November 11 to 25 is an invitation to all persons to assist in maintenance of such services through another year by enrolling in the American Red Cross.

UPPER WILLAMETTE

Wednesday December 8, the children of the Pleasant Hill public school were taken to town in several automobiles to see Santa Claus and his reindeer. While returning at night Mrs. E. E. Kilpatrick in dimming her lights to pass another car ran her car into the ditch a little east of Goshen. Miss Esther Gulliford who was in the front seat with Mrs. Kilpatrick was thrown forward with force against the windshield which broke. Had she not been protected by a heavy hat she would have undoubtedly been badly cut. The children in the back were all badly scared

and shaken up but no one was hurt. Several passers by tried to pull Mrs. Kilpatrick's car out of the ditch without success. Claire Robinson took the children to their homes and with the aid of a tractor the car was again put on the road with a bent front axle and broken windshield.

Both of the teachers of the Pleasant Hill public school have been ill the past few days.

The fancy work bazaar held Saturday afternoon by the Sunday school of the Pleasant Hill Christian church was followed by a program in the evening at Woodman Hall. Coffee, chocolate and cake were served in the evening and the remaining cakes, plum pudding etc., auctioned off. The bazaar and program netted the Sunday school about \$40.

A very hard fought game of basketball is expected to be played at the high school gymnasium at Pleasant Hill Friday when Walker and Pleasant Hill high school teams meet.
