3 CHEERS FOR LABOR THE LOW COST OF 2-YEAR-OLDS COMPLETE IMMERSION 140 YEARS YOUNG

Mr. Green, head of the American Federation of Labor, heaven bless him, declares that labor wants a powerful navy, that the United States may be properly defended and ready for trouble.

Workmen would be worse than foolish to want a nation unprepared, since they bear the brunt when fighting comes. Big fellows display their patriotism by making a fat profit in war. Little fellows get shot, gassed, diseased, etc.

Mr. Green and his Federation of Labor will no doubt advocate the right kind of preparedness. A great battle fleet in the air, another below the water. Submarines to destroy enemy ships as they come; airplanes to beat off airships, sink enemy merchantmen and war vessels. These are the things this country needs.

To be too fat doesn't necessarily mean over-eating. Often it means defective metabolism, imperfect elimination. A Prisoner fed on bread and water for two weeks gained three pounds. The bread and water diet put his system to work.

Mothers and fathers should be interested in the fact that tuberculosis is increasing among young girls. Girls starve themselves to keep thin and tuberculosis germs attack a weak body with insufficient blood supply. The responsibility is with parents that lose all control of their children, beyond retaining the honor of paying their bills.

Human beings cost money to raise and many are not worth it.
