## SHEEP MEETINGS TO BE HELD IN COUNTY

Control of diseases of sheep will be discussed by Dr. J. N. Shaw, veterinarian of the Oregon Agricultural College, at a series of eight special meetings to be held in Lane county next week, according to O. S. Fletcher, county agricultural agent, who has arranged for the meetings. At these meetings H. A. Lindzen extension livestock specialist of the agricultural college, will discuss other factors affecting profitable flock management. The schedule for the meetings is as follows:

Tuesday, March 1, 2:00 P. M. Frank Williams farm three miles west of Junction City.

Wednesday, March 2, 9:30 A. M. Judge C. P. Barnard's farm, one mile north of Irving on Prairie road. 2:00 P. M. Arthur Quackenbush farm, four miles northeast of Springfield.

Thursday, March 3, 9:30 A. M. Old Alex Spare place one mile south of Cottage Grove on old highway. 2:00 P. M. H. C. Wheeler farm on Pleasant Hill.

Friday, March 4, 9:30 A. M. S. F. Jackson farm five miles north of Lorane on Lorane highway. 2:00 P. M. Some point near Elmira to be announced later.

Saturday, March 5, 9:30 A. M. Some place in Coburg community, to be announced later.

The county agent states that the speakers will have important messages for owners of sheep and urges all interested parties to attend one or more of the meetings.

Steel tape repairing correctly done. Hoyt, 321 Main St.

## OFFICERS OF LANE COUNTY FARMERS' UNION

- C. W. Allen, Vida, President.
- W. I. Seals, Eugene, Vice-President.
- Betty M. Kappauf, Cottage Grove, Secretary-Treasurer.
- Walter Morgan, Creswell, Conductor.
- H. H. Smith, Eugene, Doorkeeper.
- O. L. Clement, Waterville, Chaplain.

Growers are making preparations in eastern Oregon to put out bait for grasshoppers at the correct time states the entomologist of the experiment station. These insects are likely to be serious this season, he says. If growers wait until they appear and start destroying crops it will be too late to control them.

### Seeds Not Guaranteed

No vegetable seed can be fully guaranteed, says the vegetable gardening department of Oregon state college, because there are too many chances for crop failure. In view of this fact, seed men have a non-warranty clause holding themselves ir-responsible for the crop. The best guarantee possible is careful selection of seeds bred under proper supervision, and it should raise a crop true to type as represented. High germination count is not so valuable as is often believed, for it gives no indication of purity of the crop. Commercial growers of celery, cauliflower, lettuce, broccoli and some other vegetables are making pre-season tests by sowing small amounts of various strains. The remainder of the seed of the most satisfactory lot is used the following year.

### THURSTON

Mr. and Mrs. Olson from Pleasant Hill visited Mr. and Mrs. Taylor Needham last Wednesday.

Ernest Bertsch motored to Loraine Friday evening to visit his sister, Mrs. Perne Crowe.

The Ladies Aid met with Mrs. Charlie Hastings last Thursday and quilted a quilt for Mrs. Jenkins.

Many of the neighbors of Mr. Charles Hastings gathered at his home last Friday evening and gave him a surprise it being his birthday. The evening was spent in playing games and visiting. Refreshments of Sandwiches, coffee and cake were served.

Mr. and Mrs. Ross Mathews and family from Pleasant Hill spent Friday evening in Thurston and attended the surprise party at Charlie Hastings.

Thomas Thompson from Eugene spent Friday night with Loren Edmiston.

Rev. Turner was unable to return to Eugene Monday on the account of high water. He remained a guest of John Price's home until Tuesday morning.

Mrs. Allison spent the week-end with Mr. and Mrs. William Reimie. She is teaching high school at Blue River. She was formerly a principal of Thurston high school.

Mrs. Marie Spires and Miss Thelma Hastings from Eugene took dinner Friday evening at C. H. Hastings.

Tuesday the grade school had a half day holiday it being Washington's birthday.

Mr. and Mrs. Taylor Needham have seven incubators setting. Mrs. Charles Taylor is planning to set hers in the near future.

Mrs. Charles Hastings and her son, James, are remodeling their house.

Next Sunday Rev. Turner has planned a family day. Every member of each family are requested to be at church in the morning and each family to sit together. The subject will be "God's Family." There will be a basket dinner at noon and in the afternoon Rev. Moorly from Eugene will show slides and give a talk on India.

Mr. and Mrs. M. J. McKlin from Springfield visited Mr. and Mrs. Roy Edmiston last Sunday.

Hugh Doolittle is able to be in high school again after having the flu.

Mrs. Maude Gray and son, Hubert are ill with the flu.

Roy Edmiston is recovering from an attack of the flu.

On Wednesday February 16, 1927, Miss Emma Davis became the happy bride of Paul Garboden. She is a daughter of Mr. and Mrs. Lee Davis and has spent her entire life in this community. She is a graduate of the Thurston high school. This couple have many friends here who wish them happiness and good luck in their married life.

### GARDEN WAY

The Sunshine Club met at the Collingwood home Thursday afternoon. Mrs. Lester Cyr presided at the business meeting during which plans were discussed for future parties. The next meeting will be held at the home of Mrs. Everett Chase. The afternoon was spent in fancy work and visiting. The hostess served delicious refreshments. The following members were present: Mrs. W. H. Anderson, Mrs. Frank Bailey, Mrs. Everett Chase, Miss Maude Chase, Mrs. I. Cline, Mrs. Clayton Collingwood, Mrs. Lester Cyr, Mrs. A. W. Farree, Mrs. W. R. Hardie, Mrs. Geo. P. Harrington, Mrs. U. G. McElhany, Mrs. G. H. Neal, Mrs. W. J. Pengra, Mrs. Collingwood, and Mrs. Meeks and Mrs. Joe Neal who were visitors.

Friday night the Sunshine Club entertained their husbands and families with a jolly old time party. About fifty adults and children enjoyed a community song fest, games and a delicious lunch.

A deal was consummated Friday by which J. R. Fish becomes sole owner of the Fish and Fish Hopyard. He purchased his father's, G. R. Fish, interest. The tract contains 52 acres, 12 1/2 of which are in hops. There are two houses and a new hop house on the place. Jay Fish takes immediate possession and Mr. and Mrs. G. R. Fish and son, Gilbert, will move as soon as they can find a suitable location.

As yet the exact amount of damage done to the Fish Hopyard by the flood can not be estimated but wires and poles were badly damaged. Two and a half acres of young hops which were recently put out are supposed to be a total loss.

Leonard and Grace Maxwell, Mel Pattison, Elmo Chase and family were among those who were marooned in Eugene during the high water.

W. H. Anderson made a business trip to Portland Thursday returning Friday night.

Local dairymen A. W. Ferree, I. Cline and W. O. Cogswell were unable to get out with their milk until Tuesday morning.

Bruce and Owen Thomas, who work at Chase Gardens, and Clayton Collingwood, who is employed by the McCormack dairy were unable to reach their work Monday.

Chase Greenhouses were flooded. The water had also reached the floor of the packing house. The heating plant was crippled but pumps have been constantly at work to keep water out of the pit and fires have been kept up since Tuesday. The exact amount of damage can not be estimated. Cucumbers and tomatoes are the main crops just now. Replanting has been done.

Geo. P. Harrington, who teaches near Canary came home Friday night

to spend the week-end with his family but was unable to return to his school until Tuesday because of the high water. No school was held in District 160 Monday.

The Raines family, who formerly lived at Chase Gardens and recently bought a tract in the Willagillespie neighborhood went through a terrible experience during the flood. Their house was moved off the foundation and they were obliged to take refuge upstairs in the barn until help reached them. A newly completed greenhouse was demolished.

The foundation of the Ferree home was rendered unsafe by the water and Mr. and Mrs. Ferree moved out until the water had gone down.

### FARM REMINDERS

Spray applications are now due in Oregon for San Jose scale, announces the entomologist of the experiment station. Spray is applied in February or early March, 12 gallons of concentrated lime-sulfur to the 100-gallon spray tank. Spraying in clear and settled weather gives best results. It is essential that all small branches, terminal twigs, and buds be completely covered with spray.

Bees for the beginner are obtained in Oregon from mid March to mid April, says H. A. Scullen, bee specialist of the experiment station. Good colonies are bought from a dependable beekeeper in the neighborhood. If they cannot be had in this way

### TIME AND PLACE OF LOCAL MEETINGS

- Canary—First Wednesday, Third
  - Saturday, Farmers Union Hall.
  - Cloverdale—Second and Fourth
  - Fridays, Cloverdale School House.
  - Creswell—First and Third Tuesdays, Creswell, M. W. of A. Hall.

  - Spencer Creek—Third Friday.
  - Pine Grove School House.
  - Trent—Second and Fourth Wednesdays, Pleasant Hill High School Bldg.
- Secretaries will please send in time and place of meeting and changes of date as they may occur.

they are shipped in 2-pound comb-less packages, or in 2-frame nuclei. Sometimes a swarm is captured and transferred from a hollow tree, or is attracted by a decoy hive.

Shade for bees is not recommended in Oregon says H. A. Scullen, of the experiment station. Bees do not dry out well unless they have sunlight. If a shed is used for protection it is built high enough to allow the sun to penetrate. The double telescope cover usually gives enough protection and shade.

Successful Oregon gardeners do not work the ground too early in spring, says the landscape gardening department of the state college. Although spring may appear to be here the ground is still wet and working it, especially if it is clayey, puddles it and makes it lumpy. By waiting a while the ground reaches the proper condition for working, and less effort is needed to put it into proper planting condition.

CALL AND SEE Dr. N. W. Emery on prices on plate and other work. tf

## MONTH-END SPECIALS

3 Days--Friday, Saturday, Monday

If values, if qualities, if varieties are added inducements then the thrifty shoppers will come to (J. C. Brill's) Eugene's largest department store in greater numbers these outgoing days of February. Many, Many More Unadvertised Month-End Specials.

## TO RESTORE MISSION AT SANTA CLARA, CAL.

In place of the historic old Mission of Santa Clara, one of California's most famous landmarks of the early Spanish period, will rise an exact reproduction of the original adobe building, according to the committee in charge of raising funds for the restoration.

The Mission was practically destroyed by fire a few months ago but enough of the old walls remains to form a nucleus for the restoration. The building in every detail will parallel in construction and appearance the original Mission built 150 years ago by the early Padres and Indians.

Plans formulated for the restoration of the Santa Clara Mission entail the expenditure of \$150,000. A campaign has been started to raise the funds for the work.

An essay contest dealing with the relationship of the old Mission to the history of California, in which young men and women in the schools and colleges throughout Santa Clara Valley are participating, is now being conducted as part of the committee's plans for stimulating interest in the restoration campaign.

Seed Catalogs Ordered  
Flower growers of Oregon are sending for their seed catalogs now, reports the landscape gardening department of the state college. A garden magazine is also beneficial to the flower gardener, for it enables him to get fuller directions for the care of the garden and suggestions as to suitable varieties for various plantings. By filing each number and jotting down his observations, the grower has a practical guide for coming years.
