**DO YOU WANT TO WRITE PIGS TO GREECE. UNCOUTH BOLSHEVIK. A \$4,000 CHEVROLET?**

President Coolidge says: "Familiarity with the Scriptures brings culture."

Read the Psalms, Isaiah, Job, the Sermon on the Mount, ten or twenty times and you will write better poetry, prose or advertising copy.

Two are indicted for fraud through the mails, in a "how to get thin" swindle. Fraud is not the worst of such enterprises. Many women, who think they are too fat, ruin their vitality seeking to be thin. The way to "reduce" is by regular sleep, deep breathing, reasonable exercise, moderate wise eating. It is not necessary to be fat or to faint.

New York to Chicago air service is let to the able Coffin-Henderson concern at \$1.24 a pound. A lower bid at \$1.23 was rejected because pilots flying the machines owned stock in the company.

That should be a reason for giving the contract, instead of refusing it. Pilots owning stock in machines would take care of them and the mail. If any law forbids pilots owning stock in a flying company, that law should be changed.

A famous bear named Colonel Broadcaster and fourteen other pedigreed American swine were sent to Greece last week. The mountains that look on Marathon will soon see finer pigs rooting along the beach than they ever saw before.

The Bolsheviki are certainly uncouth. They convict three high Russian officials of taking bribes in connection with a big German lumber trust; and what do you suppose happened? The three officials did not employ good lawyers, express righteous indignation and go to Palm Beach or the Riviera. They stayed at home, were sentenced to death, all their property confiscated, and they will really be executed.

Russia would be a poor place to steal a naval oil reserve.

Miss Pankhurst has lost interest in votes for women, "because voting women make the same mistakes that men make." They do, of course, being human, and sometimes influenced by men. Nobody expected that votes for women would bring on the millennium over night. But women voting have made men in office ask themselves, "What do the women want? What do the children need?" That's the important thing about votes for women.

In old whiskey days, as soon as women got the vote, district leaders in the great city sent out the order, "Don't get the boys drunk around election time, or their wives and daughters will vote against you."

Civilization's problem is cheap distribution of life's necessities, giving citizens full value for their dollars. This doesn't mean business men shouldn't make the profit to which they are entitled. It means modern business tends more and more to "low profit, big volume."

The quart of milk that a farmer sells for four cents, the city mother buys for fifteen cents. If General Motors were run on that basis, a Chevrolet would cost \$4,000.

**Miss Gibson Here**—Dorothy Gibson of Fall Creek was a Springfield visitor Monday.

**Home From Hospital**—Mrs. M. B. Christian, hospital, following an operation. She is reported to be recovering her strength slowly.

**Here From Aberdeen**—Mrs. Lottie Bonman of Aberdeen returned to her home Sunday after spending a few days visiting here.

**Goes To Noti**—Mrs. S. Schiewe of Springfield visited for a few days with Mr. and Mrs. Sam Montgomery of Noti. She returned to her home here Monday.

**Bushmans at Resort**—Mayor and Mrs. G. G. Bushman and Mr. and Mrs. Graham Smith of Eugene were visitors over the week-end at Triangle Lake.

**Glaspey Improving**—Bert Glaspey, who was injured recently in a timber accident, is reported as improving rapidly.

**Here From South**—Tom Johnson, son of Cal Johnson, was here from California this week visiting his parents.

**Here From Portland**—C. E. Cooper, Portland, representative of the Oregon Insurance Rating Bureau, was here on business yesterday.

**Here From Portland**—Dr. C. G. Van Valzah was a week end visitor at the home of his mother, Mrs. Bernice Van Valzah.

**Visitors From Dallas**—Mr. and Mrs. Oral Thornton of Dallas visited Sunday with Mr. and Mrs. F. B. Flanery of Springfield.

## FARM MARKET REVIEW

Brief Report of Agricultural Commodity Trends May 9.

**Wool.** Trading continues limited. Domestic prices are still relatively lower than abroad, but re-exports have slowed up and foreign markets were less active last week. The Jericho, Utah, clip sold at 301 cents compared to 34 cents last year. Smaller imports of foreign wools coupled with some evidence of increasing mill consumption are favorable factors.

**Livestock.** Cattle markets generally held steady last week on all classes. Values on replacement cattle showed a tendency to strengthen slightly. Killer stock prices were a little uneven in some markets. Hog markets continued to show weakness, especially on light weight feeders. German pork markets tend to decline while bacon at London advanced. Sheep and lamb prices continued firm generally. Lamb values advanced to new high levels since last June at Chicago, but the advance was not fully sustained. Rains in Kentucky and Tennessee are reported to have slowed up lamb marketing.

**Butter.** High score butter advanced slightly in price in eastern markets while low grades declined last week. Receipts increased somewhat and movement into storage appeared to be getting under way. The San Francisco market was not quite so firm as Chicago and other eastern markets.

**Hides.** The hide market continues strong.

**Wheat.** Prices advanced five cents per bushel at Liverpool last week and exporting markets worked upward. Unfavorable weather has delayed spring seeding in United States and Canada. No change in condition of European wheat is reported. Winter wheat condition in the United States is favorable but a yield of 25 to 30 million bushels less than last year is now estimated. Some business in Pacific coast new wheat is reported at \$1.31 to \$1.35 per bushel.

**Feed grains.** Prices of all grains tended to advance last week owing to unfavorable weather and delayed planting of corn. Feed barley was relatively stronger than malting grades. New crop barley is being shipped in California. Owing to delayed seeding operations more barley seeds will probably be planted in northern districts this year.

Backward wheat and feed grains tend to strengthen somewhat in some localities, but market receipts continue moderate and demand is slack generally.

(Prepared by L. R. Brethaupt of the O. A. C. Extension Service Division of Agricultural Economics on information from U. S. Department of Agriculture and other sources deemed most reliable.)

**Goes To Seattle**—Miss Pearl Neilson, who is employed at the Springfield Bakery, left yesterday for Seattle. There she will attend nurses graduation exercises of two friends, and will visit a cousin.

### Canby May Sell

The city of Canby is considering an offer of \$45,000 from the Portland Electric Power Co. for the municipal light and water plant, and it is understood that the matter will be referred by the council of that town to the people. The city has water bonds to the amount of \$32,000 outstanding and is faced with further expenditures for improvement and extensions. Canby is taking an annual loss of around \$700 in taxes by retaining ownership of these utilities, and has promises of definite, and substantial reductions in electric rates in the event the sale is consummated.
