FARM MARKET REVIEW

The markets are now being influenced by prospective production of new crops which all factors in the trade are watching closely. As a whole crops prospects are not promising, but they are better in the western states than in the flooded areas and eastern part of corn belt. Two per cent less land than last year is in cultivated crops but of some crops there is an increase. Prospects are for the shortest corn crop in 26 years, a very short crop of fruit, about average of potatoes, wheat, flax and feed grains other than corn and for large crops of beans and hay.

In spite of its very "Fifth Avenue" look, this dress is very easy to make. The dress fronts lap over a vestee and skirt-panel, as you see, and if striped material is used, the effect is wonderfully smart.

As materials we suggest jersey or light weight wool material in any solid color, such as beige, brown or blue. The front insertion is of the same material in a lighter shade of the same color. Use in a sports stripe to match. The pattern may be obtained in sizes 16 to 44. Size 36 requires 2 yards of 54 inch material and three-quarters of a yard of trimming material. No dressmaking experience is needed to make Design No. 1116 if you use these patterns which are individually hand-cut of heavy paper.

Patterns will be delivered to any address upon receipt of 25c in cash or U. S. postage. Always mention size wanted. Address: Hand-Cut Pattern Department, 17 West 28th St., New York City, and always name this newspaper.

Livestock: Cattle markets ruled strong last week and new peaks were established on the season's price record for heavy steers in Chicago. Receipts were larger than for previous week. Hog markets advanced somewhat. Conditions now seem to favor more than the average summer advance on fat hog prices but if the corn crop is as short as it appears hog prices may decline more than usual late in the fall. The fat lamb market was weaker generally on heavy receipts with cull kinds especially off. Unofficial information indicates 75 per cent of lambs in Idaho marketed, 49 per cent in Washington and around 75 per cent in Oregon. Feeder lambs were steady.

SPRINGFIELD DELEGATES LEAVE FOR LEGION MEET.

Mr. and Mrs. Tony Gravos left Tuesday for LaGrande, Oregon, where they are representing Springfield at the state department convention of the American Legion which opens there today. Mr. Gravos is the Legion delegate and Mrs. Gravos the Auxiliary representative.

The meeting promises to be one of the most interesting ever held by the state department. Among political matters expected to develop is the possible candidacy of George E. Love, of Eugene, for state commander.

Love has served as vice-commander during the past year, and his friends are boosting him for the commandship.

Survey is Progressing

The sheep and hog survey conducted in this district by rural mail carriers working out of the Springfield postoffice is progressing nicely, according to reports from Postmaster F. B. Hamlin. When the reports are complete, they will be sent to the United States department of agriculture for compilation.
