Forbes shook the driver savage-Millinder Atkeson and George L. ly. Libbey's eyes opened wide. His jaws sagged apart. His nose, broken and twisted in some past brawl, threw a grotesque shadow across his face. He backed away from the sight that Forbes' hands forced him to look upon. "Lemme go, Eddie," he urged huskily. "Lemme get away from here!"

> The other's shoulders slumped sullenly. His brief struggle had revealed, apparently, that escape was impossible. He was an employee of a booze-ring which was smuggling contraband liquor into the United States by the shipload, and so was admittedly within the shadows of the law Forbes himself had, only an hour before, persuaded the driver to break open one of the cases stacked be neath the shrouding canvas, and sell

But on the right side one might with the garb of a farmer, left the vehicle care negotiate the crest of the bluff.

rains. There were bushes but few pro jecting rocks.

The river at this point was not formidable. The broken white water of the rapids was swift but shallow. Even as he stood on the brink and peered after the hurtling figure, Forbes visualized the man's destination-across the river to the railroad only two miles beyond where from one of the small towns nearby he could catch a train that would land him in Detroit or Chicago.

He decided that it was not worth while to chase the fugitive. The telephone would be faster and surer than his own legs. A message to Lancaster and Loomis would result inevitably in Libbey's being picked up.

He turned back to the wreck. He tried to wipe the blood from his face. But his nose was bleeding copiously from the chauffeur's blow and he succeeded only in smearing it about considerably. He felt a sense of responsibility for the acident. It was evident that the driver had decided to become his own customer. But this was only after Forbes had persuaded him to break into the case of whiskey at

A restraint had been removed when the guard had habitually traveled with the truck. Barney Olk had been taken ill adn compelled to go to bed at Burley. This left Scoots Libbey in sole charge of the cargo. And moral laws have little force with the drivers of booze trucks. By the very nature of their calling they are not of high calibre. Fear of fists and bullets is all that keeps them at all faithful.

Savage self-contempt possessed Forbes. This tragedy had ended the temporary exhilaration of the alcohol he had consumed. His knees trembled; his stomach rose. Pandering to his cursed appetite had lighted the powder-tain that ended in this-the enuffing out of a useful and blameless

life. The car from the south had drawn up and stopped, unheeded by him. He was deep in his own whirlwind. He retained his grip on the driver of the drew the bottle from his pocket and hurled it into the adjoining field. A shining arc was created that glittered the automobile.

A grave, bearded man, dressed in and approached his. The newcomer was followed by a younger man, from his general resemblance to the other, his son.

"What's this?" demanded the man with the beard. He looked with disapproval at the blood-stained face of Forbes.

"A booze-runner ran into that car and killed the woman," was the dull mile to the east. He turned off the reply. He was still hearing the clamor only of his own mental battelfield. The two men surveyed the wreck verified his assertion, and came back to confront him
