## Why do women choose Silvertowns?

Do women buy tires? They certainly do. And they show a remarkable preference for Silvertowns—sold by our store.

First—they buy Silvertowns here, because women are always keen judges of value. They know how to weigh quality and price—and get the most for their money.

But with tires—one more thing is vital. Women must have dependability—and that means freedom from tire trouble.

Courteous treatment—at the time of the sale—courteous service afterwards—all combine to make our store headquarters for women drivers.
