A SMALL CITY PARK

Springfield should have a city park consisting of one or two blocks and located close in. It should have trees, grass, flowers and shrubbery and be similar to parks in other cities. It might be a resting place for people on hot days of summer or the scene of outdoor gatherings.

Now is the time to start thinking about a park site. Let's pick out the land this winter and make plans for financing a park. Then when spring comes we can start out in earnest developing a beauty spot within our city.

CHAMPIONS-CREDIT-DIFFER

In Iowa a farmhand recently won a corn-husking championship, husking more than twentyeight bushels of corn in eighty minutes, beating his nearest competitor by more than two bushels. At Eureka, Kansas, Joe Loebel was declared champion mail distributor, making a record of 99.8 in a possible 100. Mr. Leobel "threw 502 pounds" of mail, making but one mistake. And the mistake was due to bad writing.

But you will never interest the public in labor championships as you do in prize fighting, baseball and running championships. Athletic achievement is in the blood of the race, inherited from our ancestors through hundreds of thousands of years. We run and hunt because we like to. We husk corn, distribute letters, dig ditches because we must. There is a big difference.
