Liberal allowance for your old range

Only women who have actually used an electric range can know what pleasure it is to cook with this clean, strong, even heat; how much better results are, and how much more uniform. In the oven of a Westinghouse automatic range, foods can be cooked under a known temperature and for an exact

period of time, without any attention. Scientific accuracy in the preparation of meals replaces the guesswork and good luck that has always played such a part in cooking. Results can be duplicated time after time under the same conditions; the heat does not fail nor does it vary in intensity.
