**Drugs That Are
 Pure and Sure**

Drugs may be pure and yet not sure. They may
 be genuine and yet lacking in activity. When ill-
 ness comes it must be combatted with dependable
 drugs. If it requires a remedy of certain strength
 to stop a fever, or stimulate the heart, or to defeat
 any disease a weaker remedy may be no better
 than none at all.

We think of these things and make certain that
 our drugs are both pure and sure. We buy the
 finest drugs obtainable and we test them when
 they come to us.

All important preparations, syrups, tinctures, etc.,
 are made in our laboratory by graduate phar-
 maceuticals, and they have the finest materials in the
 world to work with.

**every man
 can be a
 CAPITALIST**

You do not have to be rich to be a capitalist.
 Every man with a few dollars is savings ac-
 count, every owner of Liberty Bonds, or the
 holder or real estate is a capitalist.

Webster says a capitalist is one who has
 capital or who has valuable property. Every
 man and boy can get into that class by
 means of a savings account. Some of the
 richest men in the country started with a
 few dollars and put them to work. We will
 put your few dollars to work at 3% interest,
 and the more you can add each month the
 more work—for you—will be done. Be a
 capitalist!
