5,000,000 MEMBERS GOAL OF RED CROSS ANNUAL ROLL CALL

Need of Expansion Due to Excessive Demands for Disaster Relief and Other Services.

A Red Cross membership of 5,000,000 in the United States will be sought this year during the Eleventh Annual Roll Call, November 11 to 24, Chairman John Barton Payne announced following completion of a study of the demands which the past year made on all branches of the Red Cross organization.

He stressed particularly the increasing demands of disaster relief as pointing to the need for an increased membership to aid in carrying the growing responsibility in this field. "For several years our membership has remained at a little more than 3,000,000 adults," he said. "We are proud of this membership. It is a body of our choice spirits, but there are many more of like spirit who should be counted in this Roll Call. We need at least 5,000,000 adult members. We are obliged to draw annually upon our reserves, and the demands upon us increase each year. Our Roll Call funds should meet our normal needs and add something to our reserves for the great disasters. We must have a large reserve. No one can tell when a situation may arise when this reserve will be essential to the lives of thousands.

"The Red Cross cannot wait to raise funds," Judge Payne declared. "Action prompt, instant, is its life. Instant action means the lives of many. It must be strong, it must be ready; this means a large reserve."

Total expenditures of the American Red Cross in the fiscal year to June 30 last in all fields amounted to \$14,139,348.60, of which \$11,360,348.60 represented the National Organization's appropriations and \$4,779,000 the cost to the Red Cross local chapters. Included in this total was a disaster relief, for which \$8,216,593.31 had actually been expended to the close of the year. This does not cover expenditures which continued to be made in the Mississippi Valley flood, or in other disasters originating during the fiscal year but whose operations extended over into the current period.

Service to disabled veterans, another outstanding demand on the organization, called for \$2,930,223.36, and service to men of the Regular Army and Navy, \$507,832.30. Maintenance of an enrolled Nurses' Reserve, from which the needs of disaster service and other emergencies are met, and which numbers more than 45,000 nurses totalled \$46,248.83. For the Public Health Nursing program, a nationwide activity of the Red Cross, \$801,068.99 was expended. Other services contributing to health and well-being included instruction in Home Hygiene and Care of the Sick, for which \$165,380.16 was spent; Nutrition instruction, which teaches thousands annually correct food principles in relation to health, \$171,370.73; First Aid and Life Saving, a service which is actually curtailing accident and water casualties, \$354,780.06; Junior Red Cross, the children's branch of Red Cross activity, and one of the most unique organizations in the world, \$582,434.23.

Other Red Cross Chapter activities, including Home Service to civilians amounted to \$1,220,000; while other national domestic operations required \$236,147.17.

An outstanding American contribution to the rest of the world is Red Cross assistance in foreign disasters, which the report shows, called for \$256,962 to the end of the fiscal year. Activities under the League of Red Cross Societies, Junior Red Cross foreign projects, assistance to American insular chapters, and other foreign and insular work completed the demands on the total appropriation for the year.

These expenditures were cited by Chairman Payne as emphasizing the need for a growing membership and increased income.

Red Cross Nurses Aid In Every Great Disaster

Two major disasters, the Florida hurricane and the Mississippi flood, required the services of Red Cross nurses in large numbers over a long period of time in the past year.

In the Florida storm, service of 359 nurses is recorded. It is estimated that about 100 others assisted in the first few days as volunteers. The total number of nurses in the Mississippi valley flood was approximately 200. In every major disaster the services of Red Cross nurses are needed, lending added importance to the enrolled reserve which now numbers more than 45,000 Red Cross nurses. These nurses are available for any emergency, though they are on duty in hospitals and in private practice. They constitute the reserve of the Army and Navy nurse corps in time of war.

Besides emergency duty, Red Cross nurses assisted materially in many local services, Chapter reports to National Headquarters indicate. The Eleventh Annual Roll Call of the Red Cross, from November 11 to 24, is pointed out, is an opportunity for everyone to become identified with the Red Cross.
