VOTERS of LANE COUNTY

I am a candidate for delegate to the republican national convention.

I was born in Iowa, 1867, reared in Minnesota, came to Oregon 1889 and have resided in Hood River, Lane, Baker and Multnomah Counties, most of the time in Hood River County, the past two years in this county, am a registered voter of Glenwood precinct.

The 18th amendment and the Volstead law has been made an issue in this campaign, not by the wishes of the law abiding element, but by the action of many who consider themselves good citizens, genteel law breakers who set a bad example to our young people and who are undermining respect for all laws.

The Volstead law, vetoed by President Wilson and passed over his head the following day by Congress has been in effect eight years and deposits in labor banks last year amounted to Eleven Billion Dollars, there were no labor Banks eight years ago.

I stand four square for the Constitution of the United States, all of it. If elected I shall support for President the choice of the voters of Oregon, I shall represent you, not myself.

Every delegate should be instructed, then candidates for the delegates and the country would have fewer Doheny's and Sinclair's.

I served in the legislature with Ben Keeney and H. C. Wheeler and take pleasure in referring to them, they worked for the interests of the people and I worked with them.

I ask the support of all who believe in political honesty, sobriety and decency.
