DO YOU KNOW

That sick feet make sick people?
That your feet, like your head, carry you through life?
That every nerve and muscle in the body is reflected in the condition of your feet?
That, with the exception of eyes, you probably maltreat your feet more than any portion of your body?
That backaches, headaches and rheumatism have been traced to arch defects?

Let Hall the Shoes Doc doctor your shoes before you need a regular physician. BE GOOD TO YOUR FEET.
