The Reason Why We Do Not Hold Sales

If we conducted so-called "sales," with bewildering up-and-down shifting of prices—and "come early" for best choice—and disappointments because of "all sold out"—we could never give you the kind of Service you are entitled to and that we insist on giving

It is our plan rather, to sell you Quality Goods only—priced as low as possible—from the day we buy the goods, but NEVER to buy goods for a Special Sale. And the indications are most convincing that our customers like our No-Sale Policy—our consistently Low Prices—our Day-In-and-Month-Out plan of Lowest Possible Prices every day in the year.
