CAN'T TALK TO WIFE, TOO CROSS AND NERVOUS

"Even my husband couldn't talk to me, I was so cross and nervous. Vinol has made me a different and happy woman."—Mrs. N. McCall.

Vinol is a compound of iron, phosphates, cod liver peptone, etc. The very FIRST bottle makes you sleep better and have a BIG appetite. Nervous, easily tired people are surprised how QUICK the iron, phosphates, etc., give new life and pep. Vinol tastes delicious. Ketel's Drug Store.

TELEPHONE CONVENIENCE AT THE BED SIDE I

WHEN your telephone bell rings after you have retired for the night, it's mighty convenient to reach out from your bed and answer the call. It's no longer necessary to get up to answer the telephone. Just call our business office and have an extension installed by your bedside.

Extension telephones in the home save many tiring steps, are an aid in emergencies or danger and add greatly to the comfort and convenience of the home.

Cost—only a few pennies a day

FOR BETTER SERVICE
Be sure to "hang up" the receiver when you have finished talking. A receiver of the "switch back" temporarily puts your line out of order. You may miss an important call.
