SUPPORT THE BAND

Players have been practising faithfully for the last few weeks organizing a band for Springfield. Next week they expect to put on their first concert. The people of Springfield should pack the hall to hear this concert.

So far the bandsmen have financed themselves but if they are to play for the public then we should assist in this matter. The least we can do is to buy tickets for the concert.

OREGON HAS QUALITY

The state fair just closed was a magnificent display of what Oregon can raise. Counties represented there brought products of the orchard, garden and field that were perfect in quality—some of the best in the world.

For diversity in agriculture this is a great state. There's hardly anything but tropical plants that we can not raise. It takes a state fair to make us fully realize what can be done.

TWO MORE DAYS! left to register. Act now or you will be an onlooker instead of a voter. No matter how much you would like to vote on election day, you can't without you are properly registered.

"I'd rather be a lamp post on Park Row than governor of California," exclaimed A. J. Smith in a debate in Albany, New York, after a speaker had extolled the virtues of a California Law.

Tearing down the old buildings near the new bridge is a good move to beautify the town. Nothing adds so much to the attractiveness of a town as its entrances.

Governor Smith says figures speak louder than words. Very well then, the expenditures for the state of New York under the Smith regime jumped from 80 million dollars in 1917 to 216 millions in 1927.

Herbert Hoover has done more for the farmer in the last 12 years than any other living man, according to Secretary of Agriculture Jardine.

Lane county boys' and girls' clubs swept everything before them at the state fair and their stock judging team was picked from 40 others to act at the Pacific International Livestock show.

Governor Smith stands for a lower tariff and more liberal immigration laws. He would let a flood of cheap foreign goods and a horde of aliens come into this country.

The Plumbers' Convention at Atlantic City has voted for a 40-hour week. Do they mean forty hours of work—or waiting for tools?

"Silence is Golden"—but you can't get the producers who are cashing in on sound pictures to believe it!

Our idea of a good guesser: The man who predicted that Jack Dempsey would win the fight in the play he is starring in on Broadway.

Governor Smith is out campaigning, and wears a brightly hued pair of suspenders. Let's hope this isn't construed as a slur to the corn belt.

Theatrical advertisement: "Jack Dempsey and his wife in 'The Big Fight!' Say it ain't so, will yuh?"

Add similes: As easy as getting a ticket for the World's Series.

DR. FRANK CRANE SAYS

THE BLACK SHEEP

A woman has written to me, wanting to know what to do in the case of her son. She says he won't go to school, he won't do useful work and tends generally to consort with dissolute companions.

I may as well confess right now that I cannot answer her question. I know all the arguments about love and kind treatment and psychological study and patience and so on, and I know also that there are cases that none of these things fit.

I do not suppose there is one family among my readers unable to confess to some sort of black sheep; some boy or girl that persists in going wrong in spite of everything.

Much is said of preachers' sons who turn out badly and the implication is that they have been treated too strictly in their youth, so that in later years they rebel.

Some say that children should be carefully disciplined and rigidly instructed, but such children have not always done so well in later years.

In fact I have known the children of utterly loose and careless parents to turn out to be strict models of propriety, and others who have had every advantage of favorable environment go swiftly to the dogs.

Some say that children should be given their freedom and allowed to do as they please, but that does not always work.

You may talk about your heredity and about a child inheriting the bad traits of his grand uncle and about environment and about the whole trouble with children being that they are not properly disciplined. All this is very interesting reading. But the fact remains that the irresponsible and wayward sheep is in almost every family of my acquaintance.

Not long ago a prominent banker showed me a letter he had from his son, telling him that if he did not receive some money immediately he would commit suicide. The reply of the banker may not have been judicious, but it was interesting. He said to his son, "I have no money to send you, but don't let that deter you."

Curbing the Growth of Weeds

This picture illustrates a process invented by a Hawaiian planter that may bring the weedless garden to every yard. The up-to-date crop producer applies paper to the floor of his garden, which shuts off the growth of weeds between rows and permits the real crops to obtain the full benefit of the moisture and plant food contained within the soil.

SPRINGFIELD FATHERS INVITED TO U. OF O.

Fathers of University of Oregon students living in Springfield are out to challenge the claim made by A. W. Norblad, of Astoria, that his city will have the largest delegation of "Dads" at the annual Dad's Day event here October 6.

These will be appropriately decorated with slogans and banners, and the fathers will be out for a great time from the moment they leave Astoria.

Plans for the "Dad's Day" are practically complete now, and reservations for the Oregon-Stanford football game at which the fathers will have a special rooters' section, and the big banquet are coming in fast.

RELIEF FROM CURSE OF CONSTIPATION

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 for 25c today at Planery's Drugs Store—(Adv.)

How Each State Voted From 1888 to 1924. A grid chart showing the political party (Democrat, Republican, Third Party, Territory) that won in each state from 1888 to 1924.

Now Pick Your Winner in Each State

Here's a good game to play. Just study the chart above. It shows how the different states in the union voted during the years between 1888 and 1892.

Ten states show an unbroken black line, indicating that since 1888 they have not once voted for any other than the Democratic party. These states are Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, North Carolina, South Carolina, Texas and Virginia.

Tennessee voted other than a Democratic ticket only once, in 1920. Connecticut, Delaware, Illinois, Indiana, Iowa, Maine, Michigan, Minnesota, Oregon, Pennsylvania and Rhode Island among other states have been mostly Republican, while Vermont has been solidly Republican since 1888.

Now mark in the spaces headed "Your Estimate 1928" how you think each state will go in 1928. Then after the election compare the actual results with your prophecies and find out what sort of a political prophet you are! Fascinating game, isn't it?

Cleaners Move

The Service Cleaners, successors to J. P. Nadvornik, have moved to new quarters in the Elite hotel building. The room just north of the postoffice which they have occupied is now vacant. The new quarters are in the front of the Springfield Laundry's new location and the dry cleaning establishment is in the rear of the building.
