## Oregon Boys Victorious Twice in National 4-H Club Championship

Alex Cruickshank, McMinnville, (left) 1927 champion, giving national Moses trophy to Edgar Grimes, Harrisburg, 1928 winner.

Corvallis, Ore.—Champions come and champions go, but Oregon remains the winner again this year in national boys' and girls' club work honors. Still thrilling with the unprecedented victory last year when Alex Cruickshank, sophomore at Oregon state college from McMinnville, won a double national championship, Oregon finds itself this year as the home of his successor, Edgar Grimes of Harrisburg.

Young Grimes, 17, was entered by the state club headquarters in the extension service here as the outstanding club boy in Oregon to compete with the other 47 state champions for the Moses trophy offered to the club boy in the United States showing the best qualities of leadership in his community and state. He won out over all contestants, and was awarded the huge silver trophy and a free trip to the national club congress in Chicago.

Grimes has been in club work eight years during which time he completed 31 projects and made 178 exhibits at fairs. He led one club last year and seven this year to 100 percent completion. Prizes in cash livestock and trips won total \$2,722 including a \$250 heifer given this year by Governor I. L. Patterson to the best dairy club member in the state. In addition he owns more than \$2,000 in livestock and has sold \$1,250 worth. He finished high school last year with highest honors and will enter the state college as a freshman in agriculture next year.

It is the effect of the clothes upon the man himself. A well-pressed suit, immaculate collar, a proper tie and a good shine give to the man a sense of his own fitness. They are the best prop to his morale, to his own sense of rightness and ease, without which there is no 'it'.

"This matter of clothes is not merely important in relationships between the sexes. It is equally vital in business. So my advice to the young man who would acquire 'it', either for success in love or prosperity, is to spruce up. Wilty collars, baggy trousers and slouchy morale never yet won a girl's heart or a boost in salary.

"I would also urge American men to launch a revolution against their barbers," added Madame Glyn. "The war-time hair cut makes me subconsciously think of convicts or contagious disease. The hair should be neatly trimmed, yes. It should not be ragged but it should be left full and heavy to bring out the beautiful contours of the head instead of clipped close to an almost naked skull. The prevailing style almost destroys 'it' in men who would otherwise be irresistible."

### SIDNEY WARD WILL HEAD SPRINGFIELD MASONS

Sidney Ward was elected worshipful master of the Liberty lodge of the Masons at a meeting held Tuesday night in the Odd Fellows' hall. Ward will succeed I. M. Peterson, who held office for the past year. Ward and the officers who were elected Tuesday night will take office at the first meeting in January. Mr. Peterson installed Mr. Ward as the new worshipful master at the Tuesday meeting.

Other officers elected are: Roscoe Perkins, senior warden; Levi Neet, junior warden; C. F. Eggmann, treasurer; and Oswald M. Olson, secretary. Appointive officers were named by Mr. Ward and the two wardens as follows:

H. K. Phillips, senior deacon; Chad Rieckert, junior deacon; Harold Stewart, senior steward; Jack Henderer, junior steward; C. A. Swarts, marshal; John Ketels, Sr., senior tyler; and John F. Ketels, Chaplain.

### Noted Explorer

Fridtjof Nansen, famous Scandinavian explorer, will command an expedition in 1930 in which the Graf Zeppelin will be used for North Polar explorations. This was decided at Berlin recently.

Napoleon had accidentally seated himself upon a hot stove.

"What wonderful courage!" remarked one of the ministers, "the general is burning his feet because of him."

Jones—His father died from his drink.

Bones—He did!

Jones—Yes, a cake of ice fell on him.

## Only Men Who Dress Well Are Men Who Have "It"

American Men Must Spruce Up to Win Hearts of Fair Sex, Says Elinor Glyn

An Exclusive Interview With ELINOR GLYN  
Written especially for Autocaster News Service

Washington, D. C., Dec. 13—America's young men must spruce up if they would intrigue the interest and win the favor of the modern Twentieth Century Girl, declares Elinor Glyn, authority on "it" and dean of diagnosticians on "Why Girls Foll in

Love." "It" it reflected as much by clothes as by personality," said Madame Glyn, in discoursing upon the shortcomings of American's young men. "Or, expressed in another way, clothes are a reflection of the 'it' in one's personality.

"No woman likes a wilted, slouchy man any better than she likes a wilted, faded flower. Slouchy dress, slovenly collars, garterless socks—careless attire generally—are the index of a spineless personality that will prick the interest of no woman.

"It is not the effect of the clothes on the woman that is most important;

# CHRISTMAS GROCERIES
