Drinks THAT MAKE YOU FORGET WARM WEATHER

So cooling, so refreshing that you just forget it is warm, that's the effect of one of Eggimann's fountain specials. Pure cream and fruit juices are used at our fountain and there is plenty of ice to keep them cold.

Although there has been record breaking attendance at this station we never run out. There's a cold drink here for you, mixed the way you like it.

The Trail's End---

THE impressive and beautiful pageant "The Sunset Trail," was conceived and presented in order that the achievements of our heroic forefathers, The Pioneers of Oregon, might not perish. Few of them remain. For the great majority, the long trail is ended. May the memory of their lives grow brighter with the years!

Sooner or later, the trail ends for all of us. It is inevitable. Is it not fitting, then, that we should provide for the end of the trail a suitable and premanent shrine, where the remains of our loved ones may lie in peace and security, and where the sadness which is inseparable from death may be softened by the tender beauty of nature, and dignified by impressive surroundings?

It is in this spirit that REST-HAVEN MEMORIAL PARK was planned, and to this end it is dedicated.
