Russian-Chinese Dispute Threatens Peace

This map shows the location of the Chinese Eastern railways, the seiz-pre of which by China has caused war clouds to hover over China and

Harvey S. Hale, county agent, has recommended to Coos county ranchers who have suitable land, the growing of white French artichokes, and is negotiating with an eastern buyer who proposes to manufacture sugar from these tubers. Artichoke sugar was discovered by the department of agriculture and the product is said to have three to four times the sweetening

The old wooden trestle of the defunct Carver railroad, located near Rusk hill, on Lake road, is being torn down, and the timbers will be sawed up for stove wood. The trestle is nearly 800 feet in length, and at one time was used by trains operating between Portland and Carver. An old engine and two or three cars are in a field at Carver, and they are about the last relics of the old railroad.

Carnival companies no longer will include The Dalles on their annual itineraries, as a result of an ordinance passed recently at a special meeting of the city council banning all future performances of that nature. Also included in the ban are dog and pony shows, tent shows and other outdoor entertainment devices, with the exception of circuses, which were declared by councilmen to be of an educational nature.

G. I. Mowery, manager of the Peoples' West Coast Hydro-Electric corporation at Stevenson, Wash., has announced that the company will extend a line from Cascade Locks to Multnomah Falls to supply current to pa trons there.

J. F. Harris has trapped 18,830 moles and gophers within the past four years, according to records of the county clerk. He has operated in Marion county exclusively. More than 700 gophers were trapped on seven acres of land.

A survey of fruit conditions in the the pear crop will exceed that of last year, apple, peach, apricot and cherry orchids will yield yess than half a normal crop

Actual construction of the addition to the Salem postoffice will be under way within the next two weeks, according to announcement made recently by G. L. Hannaman, representing the contractors.
