Real Economy in Driving a Car

Demands that you use the best gasoline and oils and have your repair work done by experienced mechanics.

We sell only Violet-Ray—high test, anti-knock gasoline, that costs no more but goes farther than ordinary gas.

The finest grades Eastern and Western Oils are here for your car. Poor lubrication is false economy.

Our factory trained mechanic can repair your car by the best and latest approved methods.

Our low overhead enables us to serve you at a price that represents real economy.

Heart on Right

Raymond Richard, 200 pound tackle of the University of Nebraska football team, whose playing ability is not hampered by the fact that his heart and other vital organs are on his right instead of his left side.

Back in the Funnies Again

In my shop is installed a new machine for **STAPLING ON SOLES** and is to take the place of the old-fashioned NAIL WORK.

This machine leaves the sole flexible and is to be recommended especially for ladies' work. It also reinforces the seams on heavy work shoes to prevent rips.

I know you will be well pleased with the work it turns out, so give it a trial.

A Public Liability

Poor brakes and improper headlights on your car are public liabilities. They are liable to get you into trouble any time—cause injury or death to yourself or others and involve you in a costly damage suit.

Why take a chance? Brakes and headlights can be properly adjusted by us at a very nominal cost. When they are working right they are the best insurance you've got. No need to go farther—this is the place.
