

Joining SPRINGFIELD and EUGENE With Concrete and Steel

AND NOW---a dream come true---a modern bridge spans the Willamette River at Springfield, uniting two progressive cities of Lane County, and providing a direct thoroughfare over the beautiful McKenzie River Highway into Eastern Oregon. Long have the people of Lane County and Oregon dreamed of such a structure.

And now that it is a realization all will join Saturday in acclaiming it as a lasting example of a county's foresight

WE ARE GLAD TO SIGN OUR NAMES IN JOINING WITH ALL THE PEOPLE IN WISHING THIS PROJECT THE SUCCESS IT DESERVES.
