

WEATHER TUMBLES SCHOLARSHIP LIST

Attendance Remains Good, but Scholarship Takes Drop During Six Week Period; High School Not Included in List; Term Ends Friday.

Students do not like to study during these nice spring days any more than the adults like to work, if the falling off of names on the honor roll for the last six weeks is any criteria. The students don't seem to mind attending school so much, however, as the number of names on the perfect attendance list does not show any falling off.

Only the honor rolls for the grade schools, the Lincoln and Brattain, are included in this week's issue. The term at the high school does not end until tomorrow, and the honor list will be published next week if it is available.

This will be the final honor roll to be published until the end of the school year, which also marks the change or promotion of students from one grade to another.
