LIVE WIRE CANDIDATE

George W. Joseph, the successful Republican nominee, won in the primaries by about the same number of votes as was his plurality in Portland. He ran strong in his home city where he was best known, which is a credit to him and a surprise to his opponents.

Joseph is a keen, energetic, able and efficient candidate. Evidently his integrity is not questioned by the 50,000 people who voted for him even in the face of the disbarment proceedings now pending against him. If he is successful in the next few months in removing the stain that these proceedings have made, then he should have 100 per cent support of his party this fall. Joseph, born in a log cabin, has led a picturesque life and is a born fighter. This is a characteristic that has ever appealed to the people, not only in this state but in others, notable of late with Governor Hartley, of Washington. Interest will not lack, among his friends and enemies alike, with Joseph in the governor's office.

LANE'S GROWTH SUBSTANTIAL

Practically all the communities of Lane county have made growths with the exception of the Mohawk district, which has been affected due to the shut down of extensive lumber operations, according to the reports of the Federal census. This growth, together with the substantial gains in the city, will make Lane county's population over 50,000, which is very satisfactory.

Following is the census figures of the various rural communities:

Alvadore	1930	1920
Blue River	219	174
Camp Creek	122	71
Cloverdale	514	375
Coburg	204	183

Dearborn, Michigan, the driest town in the United States, has voted wet in the Literary Digest poll. Henry Ford does not have anyone working for him whose breath smells of liquor, and he runs Dearborn. We can see no relief for this town even if the country did go moist, so what the people's psychology is in voting to repeal the eighteenth amendment is hard to explain.

The lady from Illinois spent a quarter million dollars to get the nomination for United States Senator. Democracy comes high in Illinois where they have the direct primary and all things necessary for the people to express their choice.

It seems to us that some people take cold showers just to brag about them.

WHERE DEMOCRATIC CANDIDATES COME FROM

Edward F. Bailey, native son of Lane county, will be the standard bearer for the Democratic party at the November election. If the standard was a football, big Ed probably would reach his goal. But when the defense is oratory and the opponent knows all the trick plays of the game of politics, then it will be a tough battle. But, democrats have been elected governor of this state many times before, even if there are four or five republicans to one democrat to convince. Who is there to say that Junction City can't produce a governor? The grass is greener in the Willamette valley than down where the "bald-face calves roam in Union county.

The high school graduate who is beginning to think about taking up some sort of work should read Bruce Barton in this column this week on "What Makes a Good Job."

We wonder sometime if the golden harps in heaven will be sold on the installment plan.

TWAIN of Life by BRUCE BARTON

WHAT MAKES A JOB GOOD?

One morning the elevator starter was breaking in a new elevator-boy.

At noon the new boy was running the car alone. He had on a uniform, and was starting and stopping with the confidence of a veteran.

From apprentice to professional in a couple of hours.

What thoughts are in that young fellow's head as he receives his instructions from the gray-headed veteran?

How can he fall to look forward and see in the older man a picture of himself twenty years from now.

He is taking up a low-paid job—a job with no future. Twenty years from now he will be just where he is today—only older, with a grasp on the job somewhat less secure. His experience will count for nothing, because it is experience that any other man can gain in a couple of days.

He may, from time to time, force an increase in his pay. But the increases will not be large.

Why? Because he learned the job in two days. And in any other two days the company can find plenty of men who will learn just as fast and take the job away from him.

Recently I met in a hotel restaurant a friend of mine who had just come back from England after taking special work in surgery under some of the greatest men in the world.

He is thirty-one years old; it is fourteen years since he entered college.

For ten of those fourteen years he has been in medical schools, hospitals, and in foreign countries studying.

Fourteen years of hard, uninterrupted study. Years made difficult by the necessity of self-support; and filled sometimes with questionings, as he sees his college class mates moving forward to their places as well paid physicians, and he lingering still in school.

Yet with what result?

He has acquired a specialized training such as only a few other men in New York possess.

He will begin life with an income of several thousands; he will pay back his educational debts in a couple of years; in ten years his income will be tens of thousands.

Fourteen years of his life in the mastery of his profession. But he need have no fear of losing what he has gained. No other man can displace him, except at the cost of fourteen years of philosophy of Business.

And when he said it he epitomized the philosophy of Business.

The job that the gods sell for two hours' training is worth just what it costs.

Only that job is worth much which has tied to it the price tag of constant, unceasing study and work.

\$40 IN PRIZES FOR BEST DAIRY ESSAYS

A county-wide essay contest open to all adults has been announced by the committee for the increased consumption of Dairy Products, under the Lane County Dairymen's association. The essay shall interpret the values of dairy products; the contestant may develop the subject from economic or health standpoint or from both health and economic standpoints.

Three prizes are offered as follows: first, \$15; second, \$10, and third, \$5. The essay shall be judged upon validity of subject matter, indication of grasp of subject matter, originality, composition and title.

The maximum length of the essay is to be 1500 words, and shall be in the office of Gertrude L. Skow, County Home Demonstration agent, by noon Saturday, May 31. Each essay shall have the name of contestant and full address inscribed on the back of last page.

Printed material regarding the values of milk, cheese, ice cream, butter, etc., may be procured at the O. S. C. extension service in the

Public Market building, either by calling or writing to Miss Skow there.

Each individual shall be limited to one essay and no person having entered in any other contest dealing with values of dairy products is eligible to compete.

RELIEF FROM CURSE OF CONSTIPATION

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lax, dry evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 for 25c today at Flanery's Rexall Drug Store.

Add days in California to any trip East at Summer Excursion Fares!

The fare is only a fraction more than an ordinary ticket to your destination and back.

Think of a trip to the East that includes California, the Spanish-American Southwest, a bit of Old Mexico, the romantic Old South and quaint New Orleans. Then to your destination and home thru the Canadian Rockies or on northern United States lines.

That is one of Southern Pacific's Circle Trips. You double the enjoyment of any trip East when you use Southern Pacific's Four Great Routes and go one way, return another. You circle as much of the United States as you like at low summer fares.

No matter what your eastern destination it can be included in one of Southern Pacific's Circle Trips. A few itineraries are suggested here. You may reverse this order if you wish.

Summer excursion fares East are in effect on and after May 22. You have until October 31 to complete your journey.

Note these examples, and map. Then let the Southern Pacific agent give you further details. He will be glad to show you how to make you travel dollars go farther.

SUNSET CIRCLE
San Francisco, Los Angeles, the Southwest, San Antonio, New Orleans, then by boat to New York or continue thru the Old South by rail to Washington, Philadelphia, New York or mid-west destinations.

GOLDEN STATE CIRCLE
San Francisco, Los Angeles, San Diego, Hollywood, thru the picturesque Southwest, El Paso (Old Mexico nearby), to Kansas City, St. Louis, Chicago and other mid-west points.

OVERLAND CIRCLE
San Francisco, Lake Tahoe, across Great Salt Lake by rail, Ogden, Salt Lake City. For a small additional fare you may return thru Yellowstone or continue to Denver.
