Canned cantaloupes as a new product may be developed if trials near Ontario prove successful.

The Columbia river steamer Cowlitz docked at The Dalles with a cargo of beet pulp, mill feed, paint and other commodities, to mark the resumption of regular river service to The Dailes.

J. E. Hudson, printer, who lives on death when he was attacked by an enraged buil, which knocked him to the ground and attempted to gore him.

Farmers of Malheur county are discovering that their land and climate are ideal for the production of baby lima beans, a big paying crop. A few farmers around Vale have pioneered in the bean field.

A young chicken killed by Dr. Geo. Bean of Vale was found to have two hearts. The hearts were of equal size, the only variation being a flabby apex in one case. Indications were that both hearts functioned.

A new unnamed mite which attacks the evergreen blackberry has been located by Horticultural Commissioner William A. Aird. A seven-acre field of berries in Marion county has suffered a 95 per cent loss.

The first day's enrollment in the junior high and grade schools at Medford showed an increase of 80 over the same day last year with prospects that the total will be more than doub led when the fruit harvest is over.

Bend residents who scaled Mt. Jefferson Labor day found a record left by a party of scientists who climbed the peak 35 years ago for the purpose of arranging a plan to send heliographic messages from peak to peak.

Prospect of still another water power filing on the North Umpqua by the California-Oregon Power company is evidenced by the fact that a large camp has been established by the company at Smith spring. Men are engaged in making soundings and other preliminary work.

The dedication of the new \$45,000 Columbus grade school building in McMinnville was held Monday. This marks the dedication of the second grade school building within the city during the last two years. Last year the \$50,000 Cook grade school building was dedicated.

Fire in the big prune drier belonging to Jess Shambrook at Umpqua, destroyed the building. The loss is estimated at \$5000, with insurance partly covering the property. The had been modernized throughout. The plant had just begun to work on this year's crop.

With the opening of the fall fishing season in the Columbia river, Astoria packers have announced prices to be paid for the fall catch. Steelheads will lead the list with a price of 7 cents a pound. Silversides will sell for 5 cents a pound while the price for dog salmon will hit the rock-bottom of 1 cent a pound.

Sale of approximately 1500 bales of new crop hops in the Salem district last week at prices around 13 and 14 cents a pound was reported. One of the largest sales was made by Romeo Goulet, who disposed of his entire crop of 350 bales. With about two weeks of picking remaining, estimates of the crop in this district are placed at 70,000 to 75,000 bales.

A new crop of army worms has hatched in the Jacksonville district and is ravishing the alfalfa crops. The farmers, who are large growers of alfalfa seed in the Jacksonville district, instead of cutting four crops each season, let the third crop go to seed for threshing, but since the worms are eating the bloom they will

be compelled to cut this crop for hay. Sheridan has added a new lumber mill to its list of industries. The Yamhill River Lumber company recently moved its plant to this place and is getting ready for active operation. Much timber in the neighborhood of Gopher valley has been purchased and crews soon will begin cutting and hauling logs to the mill. The capacity of the mill is 40,000 feet of lumber a day.

Especial significance will be attached to the Old Fort Dalles Frolics' parade this year in view of the 100th anniversary of the On to Oregon movement. The vehicles will be the same type as those which started westward 100 years ago.

A lime deposit has been discovered in the Powell section near Redmond. The deposit lies two or three feet under the surface and extends down 20 feet or more. Samples sent to Oregon State college showed it to be more than 90 per cent pure.

Three hundred and fifty thousand gladiolus are in bloom at this time in the 40-acre tract being developed into a bulb farm by J. Pitman at Redmond. Nearly 8000 cows were tested for tuberculosis in Douglas county without a single reactor.

The number of fatalities occurring among workmen employed in Oregon industries was 105 during the first eight months of 1930, compared with 138 during a like period in 1929, according to announcement of the state industrial accident commission.

ARNOLD COLLIER SPEAKS AT DEDICATION FOR **NEW GLENWOOD SCHOOL**

Formal dedication exercises for the new \$10,500 Glenwood school in West Springfield were held in the building on Friday evening and were presided over by R. B. Oldham, member of the school board, in the absence a farm near Baker, narrowly escaped of Fred Fritz, chairman, who was unable to be present.

County School Superintendent E. J. Moore was to have delivered the dedication address, but was unable to attend due to illness. His place was filled by Arnold D. Collier, Lane county club leader, and assistant county school superintendent.

Other speakers on the program included, Mr. Oldham, J. F. Phillips, members of the board. Ben Davidson, at one time a pupil in the old building, Samuel Bettis, and Mrs. Neva Briggs, clerk.

Music was furnished under the direction of Walter Lee. It consisted of Hawaiian music by Mr. Lee and

plano selections by Mrs. Pearl

Schantol. Refreshments were served in the pasement of the school following the

program and an inspection of the
