

TRIP TO ALASKA TAKEN BY CIVIC CLUB MEMBERS

Alaska was the theme of the open meetings of the Civic club which was held at the Community hall on Friday evening and which was addressed by Nowland B. Zane, professor of art at the University of Oregon.

The meeting was in the nature of a complete imaginary trip from Springfield to Alaska points and return. Carl Olson, local depot agent, opened the meeting by telling of the available routes to Alaska, the cost of the trip and the places which should be included as stopovers on the trip.

Mrs. J. Fulop explained to the people the amount of clothing to take along and the kinds used most in the north country.

Mrs. A. B. Van Valzah told of the trip to Alaska and of the places visited on the journey and of some of the purchases made there.

Professor Zane gave a very interesting lecture illustrated with lantern slides of picturesque things in Alaska which he had taken while on a trip there.

The regular meeting of the Civic club which was to have been held on Tuesday evening was postponed because many members of the organization desired to attend the concert of the Marine band in Eugene that evening. The date for the next meeting will be announced by the officers of the club.

Dr. W. N. Dow and Mrs. M. A. Rice furnished an amber of Alaskan trophies and novelties which were of much interest to the gathering.

LINCOLN STUDENTS TO UNDERGO EXAMINATIONS

A special health clinic will be conducted by Dr. S. M. Kerron, county health officer, and Miss Jane Gavin, health nurse, at the Lincoln school on Tuesday morning of next week. Selected students will be taken from each room and given physical examinations by the health workers who will be assisted by members of the local branch of the county health unit.

Only twenty of the students who seem to be deficient in some physical aspect will be examined that morning, as time is not available for a complete examination of all the school children at the present time.

"How is your husband's lawsuit getting along?"
"He thinks he will either get two months in prison or two months in Palm Beach from it."

"Be careful, Junior. See that you don't hit your fingers with the hammer."

"I shan't, mother. Daddy's going to hold the nail for me!"

SUTHERLAND TRIAL SET FOR MONDAY, OCTOBER 27

Trial of Vaude (Stew) Sutherland on a bootlegging charge, has been set on Monday, October 27. Sutherland was arrested on a charge of selling liquor the night that his father shot and killed two officers and wounded two others. His father is still a fugitive. The grand jury freed the younger Sutherland of complicity in the murder of the two officers but held him for trial on a liquor charge as a fourth offender.

The prosecuting officers have indicated that they will contend that he should be sentenced to the penitentiary, while the defense has announced that they will fight the right of the court to sentence a man to the penitentiary under the fourth offense act when he has not actually been convicted on three previous charges of sale. They contend that convictions on the charge of possession are not included in the law.

"And what did your poet do when you turned him down?"
"Oh, the poor dear threw himself into the waste-paper basket."

He: Ah, it certainly does seem good to be dancing.
Her: Yes, I suppose there's nothing like the feel of a good toe under your foot again.

Little jackets of the sort shown in the sketch are always useful and becoming in baby's wardrobe but with the present vogue for bolero effects and the renewed endorsement of boleros by the French dressmakers for autumn it seems to us that baby stands in special need of a little jacket of this sort.

If you want to make a gift to the new baby or the baby who is about to celebrate her six months' birthday you might make a jacket of blue or pink French flannel, finished round the edge with scallops worked in the same or a contrasting color. If

MANY STUDENTS TAKE SCHICK TESTS HERE

One hundred and seventy-eight public school children of this city were given the Schick test at a clinic held at the Lincoln school on Wednesday morning. The tests were given by Dr. S. M. Kerron, Lane county health officer and Miss Jane Gavin, health nurse. They were assisted by Mrs. William Rodenbough and Mrs. Agnes Prochnow, members of the Springfield branch of the Lane County Health association.

These tests were given to those children of the Lincoln, Brattain and high school who had been given the toxin and toxin-anti-toxin last spring. Dr. Kerron and Miss Gavin will visit the school again on Tuesday morning to read the tests to determine whether all of the students taking the toxin are immune from diphtheria.
